Subject: Motion

Letter/motion continuance discovery rule 16 conference to the court in response to defendants continuing lies deception and retaliation upon both myself and to a major degree the court and all participating in this current and previous procedures as they have employed online real life attacks upon my credibility character as well as Shaylings while orchestrating allowing events including now the tampering of evidence witnesses with state sanctioned torture upon Shaylings our children.... I've asked in discovery for my daughter Siabella to have her deposition immediately so we can begin to actually heal from what Lyndhurst police and the homeowners wish to skirt all responsibility in and continue inflicting exacting accountability upon my children and family for their heinous actions and crimes including unlawful detention detainment and cruel and unusual punishment 4th violations raising absolute standards and jurisdiction ..

I am providing receipts email trails to the court to show and illustrate that Lee Merritt esq was in fact retained back in February and has had issues with the state coming into good standing ...

Past the brief details Mr Merritt and I went over I cannot speak on his behalf which is why I have requested a motion for procedural rule 16 conference wherein I would also request the court ask/require if when schedule permits for Mr Merritt's presence to be made accessible even if by phone so we the court may get bacj on proper course for pursuit of justice and closure with the truth of what my family has and is still enduring as defendants keep trying to perverse our court processes with outright lies so they do not have to accept any accountability when evidence prevails including a homeowners terrorist threats with his weapon present out and recorded then officers hagerty and Riena killing Shayling Kenworthy on their body cameras lying on police reports as evidence 911 call Shayling alive opening door to officers waiting begging for the ambulance fully exposing the absolute need for a trial I humble request the court bring this to a procedural norm with conferences and discovery commencement so my children and family may be begin to finally heal ...

I've included the email trails and receipts to fully illustrate Lee Merritt esq being retained and will submit more this week Ie airline tickets hotel receipts once my health is a bit better as I've been to the hospital a few times over the last few weeks as well as Dallas ...

The stress level and overall retaliation my family is enduring more than takes its toll

when evidence is so beyond obvious and accountability is human !!!
