Hi Marsha

I'm at the bank now have to go thru a few hoops to get the check cashed or at least enough for now to cover the remaining balance.... I'm opening an account here so this one a direct transfer will be delayed so I'm going to go deposit in my other account and worst case on timing I'll send it via the cash app again and include another 100. To cover the fees so you guys have it immediately...

I'll reach out to you in the next hour once I'm done here and deposit the cash ...

It was great talking to you this morning as well I can not express enough what you guys actually mean to us ... I'm so excited to let Sia and Kai know you guys are representing us and them it's going to change their world and outlook on everything their enduring right now ...

Best wishes

Talk to you soon

Lee

Good Afternoon Mr.Kentworthy,

It was really nice to hear you and Mr.Merritt being able to converse, this morning.

As you are aware your legal matters have many twists and turns, and will be quite the undertaking, it will be necessary that a sum of \$5000.00 retainer fee be remitted for the forward movement of our representation, therefore please advise as to the nature of remittance.

Hi Marsha and Lee

Thank you so much for speaking with me this morning and taking on the case I truly can not express how absolutely honored I am to have you representing my family... everything I've watched and seen you do truly it's amazing and I'm watching greatness the work and areas your tackling and the progress in reform I know your going to usher in Shayling would be and I know she is honored to have you as her champion Mr Merritt Shay was direct and real and always about truth civil rights our fight exposing the corruption...

Sia and Kai our babies Shayling told a special bedtime story to them every time that they wanted it which was a lot explaining why we had separations moved a lot and how when they grew up supper hero Sia and Kai were going help mommy and daddy tell the world about false charges and everything we have been recording all the evidence we gathered and all the times they had to be questioned and taken away behind threats false allegations to expose the truth for all the families who may not be believed because they are her family our family cousins sisters brothers it's our responsibility to fight this and change this all of us together so their children and everyone in the world and county are treated truly as equals not just in pretenses and at a passing fleeting value allowing the mass incarceration and we actually did get that get deep with them showing them actually history we raised them knowing who hurricane carter Eric garner Trevon Che and Cuba's history and Shay told them all about her life being an immigrant in the 80s teaching her parents English and all the hatred and racism she encountered from everyone... Mr Merritt I watched and help Shay raise revolutionaries explaining to them our separations are behind hate and our family fighting to expose it and knowing that Shays superheroes Sia and Kai will have their voice sir I'm forever forever honored by what you are doing for my family Shayling our kids ... They came up with books as well they started with Shay throughout the years doing illustrations and plans to expose the truth ...

Mr Merritt honestly and truly I know Shay would have loved you and you her she's one of those people that inspire you just by her presence and character and she would be in the same awe I am watching you take on what needs to demolished once and for all and exposed for the enterprise it's becoming further perverting justice for profit

I look forward to receiving your email and the retainer agreement and can not tell you guys how absolutely humbled grateful and honored I am that your Shaylings champions it's beyond moving I came to tears writing this so I'll leave it there and just say thank you thank you and god bless you guys

And when you guys plan on officially putting an appearance on record... I know the minute that is there they are not going to try and throw the case out or continue with their agenda and honestly more than anything I want my kids home where they belong and for our kids and her parents to know the truth how Shayling was taken from from us so we can heal in whatever fashion that even feels like after something like this

>> As of Friday & yesterday all of the parties are now starting to file oppositions to the motion to amend the complaint, they are trying to utilize and cite 'dilatatory tactics' and 'bad faith by misleading the court as representation would be coming on.' In the motions they are also trying to utilize the case that was filed in Bergen County citing that I did not respond to discovery which on fact I did, I have the paper trail sending the responses to both Bryan Dratch, who was the lawyer at the time and to their lawyers as well after I became Pro Se. I also have a conversation with the homeowner's insurance carrier, recorded who acknowledged having my interrogatory answers received by their lawyer. I may also have their lawyers recorded acknowledging receipt of the interrogatories, but I am not 100% certain until I look for the recordings. I am going to include all of their briefs, I will reach out to you this afternoon to see what our next steps are.
