Motion regarding case 2:18-cv-12822

Motion for Federal investigation into Theft of Honest Services, Medicaid Fraud, ongoing corruption to protect criminal acts committed + submitted by the defendants.

Submitted into evidence as surrounding retaliation theft by deception intent to defraud defame from Heather Christineson possibly using Cheryl roses absence to her benefit or willing participation to attack slander rob defame again for the Benefit of defendants and intermediary go-betweens for connections platforms to defame publicly spreading lies misinformation illegally stating defaming statements about Shayling Kenworthy knowing full well like Heather Christineson as she stated in her video seeing evidence medical documents abd having lived with my children and I for extended months being a state licensed child therapist who worked previously for Bergen regional new bridge and Dcpp via her patients and work never alerting me this until she fully engaged in trying to get me falsely arrested and detained in a 262 hospital hold while retaining Lee Merritt esq all recordings again can and will be transcribed and fully submitted into evidence along with Heather stating she called spoke to abd continued suppling Robert Baty with misinformation false information about me along With other group members professionals such as Clara balacacer-colon who openly publicly after months of staying Shayling Kenworthy was a drug addict who was killed by lee Kenworthy finally acknowledged she is personal friends with Robert and the Martin family as well as officers hagerty and Riena all great families as Clara stated in multiple areas slandering defaming my wife for again the defendants benefit

It's these ongoing situations that until truth public record my children's voices being heard once and for all well as the evidence illustrating these crimes ongoing and the root crimes this is stemming from being Robert Martins unlawful threats with his weapon to remain in uninhabitable unfit illegal conditions then Lyndhurst police officers ongoing crimes leading to Shaylings murder and still silencing our voices for their crimes to unpunished

Produce protect benefactors of estate plaintiffs Federal protection for already protected parties victims witnesses and enduring ongoing crimes for defendants avoiding any accountability whatsoever because denying oxygen threatening a family to live in a home their health obviously was at life threatening risks at especially adding police officers violations of duty acting as thug gang members..

I wish being as how all parties still want to skirt responsibility and make my family pay for their crimes and heinous actions we have an immediate status conference with all parties on record statements with both of my children present to tell the court openly the fear and threats along with actions the defendants exacted upon our family them individually and their mother and what their continued denial of actions is doing to them and our family ...

Also I would even ask that Richard and Lauren's children be brought to court put on record or at the very least be interviewed by Dcpp or a state psychologist to determine the detriment this ongoing denial of a wife mother friend killed and their lack of care concern compassion bordering on full out sociopathic behavior and lack of moral integrity to be both behind the badge and raise god forbid more callus cold blooded killers viewing others as worthless ... Their children will account to the same as my children or lie for their parents/family/cages/killers as to their family acting as if no one smelled what all of us got nauseous from ... All children gasping including theirs when that was said as Robert Martin then went on to degrade his son in law their father about how stupid he was and he told Lauren not to marry him ... This must be brought to an end regarding the ongoing torture my family is continuing to be subjected to for the defendants to not be painted as their actions blatantly illustrate them to be guilty the truth is recorded so please again I ask let my children speak in open federal court along with multiple therapists doctors and Tim Howes to attest to my families civil rights violations and illegal separations for benefits of defendants and liabilities...

I would like at this status conference to put on record also Taja Conover Phil Linfante Mike Diarchangelo Md Dr Andrew Medvosky The medicinal prescriber and assessment of mental capacity ptsd

free of delusional and or psychological issues making marijuana a valid accurate prescription for my ongoing trauma of state sanctioned discrimination and attacks against my medical best interests as well as my children's psychological best interests which are not being met at all by resource cage/threats from friends family of police officers keeping children from even discussing their mother and truth with state sanctioned private contractors protecting liabilities for guilty parties who've actually committed crimes against Siabella Mikailin and our entire family witness tampering further damages psychological abuse neglect harm and endangerment by all participating parties

I ask given all professionals medical and legal wishing this to finally end for our family a little to late given Shaylings murder but time it's with these factors and professional I politely respectfully demand and request humble that my children family professionals be heard in open federal court on the record and bring this to a civil rights causation wherein they are actually respected and restored no longer allowing a corporate entity making profit from this to hold my family children illegally for gain image profit protection and ongoing harm cruel unusual and irreparable...

It also must fully be stated and like requested before the Andersons investigated by Dcpp and possibly a higher federal court appointed investigator ordered surrounding the unfit conditions they allowed both their family and our family to live in and the ongoing willful violations of law pushing sociopathic showing their children to get away with horrible crimes causing this to a mother friend of their fathers and given the

obvious corruption of Dcpp in this our families equation and definitely current circumstances defendants being protected by their actions removal and ongoing witness tampering not working on genuine resolution as that will implicate their Dcpps full actions both then allowing Shayling and our family to remain in this situation Reported to them by our entire family evidence pictures including Siabella Mikailin Shayling and I all informed them of the utilization of a gun in Roberts threats and tirade illegally keeping our family in unfit conditions under threats stress and duress of exactly the removal being exacted upon my family now again for their protection

Again given sexual assault and witnessing all defendants crimes against them and their family from assault with a deadly weapon terroristic threats and Dcpp liabilities its apparent that Siabella and Mikailin Kenworthy benefactors of Shayling Kenworthys estate witnesses victims parties plaintiffs it is absolutely required they be immediately procured protected and secured as protected parties plaintiffs benefactors to the outcome of these proceedings Shaylings children and legacy who's voices must be federally protected against guilty parties and any ongoing civil rights violations while on the federal courts watch while and so these proceedings may begin and come to a civil resolution truth facts evidence being heard seen setting my family free while all of theirs walk over our existence for their actions to go forgotten because they all occurred as illustrated thru all actions recordings evidence and further ongoing crimes to help cover their asses for the most disgusting heinous crimes imaginable...

Motion regarding case number 2:18-cv-12822

Motion for federally appointed children social services investigator reporting back findings to federal court + all parties to this proceeding for all mirrors involved in the originating criminal act caused by the Martins + Anderson stemming into more heinous criminal war committed against the Kernworthy's children + family.

Because of judicial economy the psychological damages that are being further propounded upon with beyond as Lauren just put judicial economy minimization of who Lauren views along with her husband Ricky who stayed flat out wtf are these Spicks problems why the fuck wouldn't my spick boss back me up like we are supposed to, oh oops lee my bad... you know I don't mean it like that but it's just this mother fucker didn't have to take me off the road for a simple mistake... I know Shay and your kids are I really didn't mean anything by it I didn't.

It also must be stated and noted that Lauren Anderson growing up in north Arlington Lyndhurst surrounding circles and friend's she was able to get away with as a deputy chiefs daughter who wanted to make sure the proper elements like spicks Nd niggers know there place and don't destroy property values playing ghetto

In our nice suburbs can bring at least 5 witnesses from our childhood to attest to these type is statements from Lauren Anderson Robert Martin Lauren Anderson and unfortunately Richard Anderson with all his heart trying not to you hear that in every recording whole heartedly with full intent disrespected disregarded and discriminated against my wife and our entire family's politics life feeling her voice her truth and evidence against them their profession and cafes for profit and their utilization of threats against families exactly as they did and still are and as American followed suit caging her kind as has been stated all over online and in the press cages them from youth where they belong to begin with a sentiment that Lauren Anderson Richard Anderson and Robert Martin is where they choose to dig in rather than acknowledge

any accountability for actions recorded all in front of our eyes not even human decency to settle a dispute they a life was robbed when we could have paid whatever money they wanted with a lawyers office like we had asked not acting like gang members

The states federal courts expenses ill gladly incur for justice for my wife Shayling who's life has Abundance worth and a voice that isn't a spic piece of garbage that is worth millions for these officers and families to continue throwing our civil rights away for them to not acknowledge what everyone who hears sees does they are accountable

They know knew the consequences of every action and are continuing to not accept any accountability while further harming our lives futures and present experiences lives psychological outlooks as every party involved tries to continue brushing this under the dirty pissed in unfit rugs ie cover thus up for what purpose to what extent when the truth is our lives lived and recorded

The inter arrogance as well of Lauren Anderson and attorneys to oppose anything surrounding my children Shaylings kind Lauren that has such lack of concern compassion care of worth cause your horse is so high up that your father threatening us to remain in your actual filth as well Lauren as your best friend previous tenant stated those carpets that condition was your family and pets and brother fearing your father who like your insurance company stated is responsible for threatening us rather than going into a lawyers office legally accepting whatever you wanted to strong arm us for as the week after the threats when you father followed thru we then spent the next 2 weeks hotels spending 2 of the 4K we had no issues giving in a lawyers office without your threats behaviors and attempts at controlling our lives freedoms and ability to live without unfit unhealthy conditions unless Shayling and my children deserve a. Cage in a desert or your pissed on uninhabitable death trap cage/home

My daughter and son just like their mother and father will never remain quite whether adopted to your friend who raised us in an environment knowing as they wished to instill that spics and niggers are just different cheering on mitt Romney to oust the monkey in office Shay loved that drunken comment at a family event ...

No matter what happens here that your obviously trying to steer smearing my wife Lauren with personal friends like Clara colon who is a family friend that Shay is just another drug addict spic that your father did absolutely nothing to when threatening our lives family future and freedoms ....

My children are. Not going away nor will I ever cage or leash them or their voices as you and your agenda is doing and has been since we raised to follow suite ...

I'm fop too assholes

Tim Howes clearly stating the facts he knows as do I he will be called in both cases as a witness to testify against about Shayling as Tim puts it legally negligent homicide manslaughter against Lyndhurst and all parties putting into motion exactly this situation fear health issues stress cruel and beyond unusual punishment for crimes committed against our family and their complete absolution for these officers home owners and thugs recorded were please explain detailed justified doing this to our family future Shayling matriarch

Being the acknowledgement from the homeowners insurance who also insures the police departments unions and housing authority of both guilt and liabilities on the homes conditions and homeowners threats and violations of our rights the multiple laws broken and factors that absolutely no never is anyone ever allowed by a landlord not even cop retired etc ever to use a weapon threaten. The family and children to remain in unfit conditions and stated the were willing to settle with Bryan Dratch however he never set that up leaving my family to be attacked for obvious benefits of those guilty parties ...

Both recordings can be supplied of insurance companies statements from above along with Bryan Dratch being asked for a year to Contact the insurance company and file the complaint properly naming all parties including Dcpp and the chief of Police of Lyndhurst and internal affairs which he did and is recorded not doing giving a million excuses to allow Lyndhurst police officers hagerty and Riena to get away with murder.. Robert Martin get away with threats and a set of actions towards and against my family wife and children weapon out no one protecting Siabella Mikailin Shayling or my family core instead they continued their actions attacks crimes resulting in Shaylings murder...

I would like to again ask opposition to stop this and accept the accountability I'll keep us court for the next 10 years via civil rights ongoing via the corruption to not say I'm sorry we were are wrong ... That simple tell you children mine and America's children your not dirtbag pieces of shit who'll bury any of us

In that room that night Lyndhurst Officers hagerty and Riena did illegally unlawfully detain my wife myself and family with their actions intent murder and coverup as evidence clearly illustrates Shayling alive on 911 call down on their fabricated report they did take Shaylings body soul spirit and future all ours that night and every single day forward they continue the lies our life is locked paused delayed in until truth trumpeted and we will remain forever altered missing Shaylings voice heartbeat and breath .. Our voices will never be heard and lives never back on course of regularity without acknowledging the truth of how Shayling Kenworthy left this world her months before scared threatened left without help as detective Pizzuti shows again the day after they murdered her threatening me with charges for Robert Martins crimes submitted into evidence again now transcribed as apparently the federal judges courts attorney generals office amongst many others are hard of hearing crimes committed by

Police officers against American families violations of constitutional federal rights 4th amongst others which I would ask Lauren and her attorneys who used to ride benches are these financially frivolous questions and motions requests of justice for Shayling Kenworthy and our family reunited no longer being threatened for defendants safety discoverable during depositions and requests for such evidential trails cell phones emails asking did Lauren or her father Robert Martin directly ask text or call detective Pizzuti and instruct him not to arrest her father and did the chief of police do on his own accord obstruction of justice evidence tampering while stating he knew Robert or was that cause Robert asked him to do so thereby continuing threatening the Kenworthy family you know all the discovery processes your lawyers have skillfully illegally avoided up to this date when I'm not handling my motions and arguments waiting on my attorneys appearing on record ...

It also must fully be stated and like requested before the Andersons investigated by Dcpp and possibly a higher federal court appointed investigator ordered surrounding the unfit conditions they allowed both their family and our family to live in and the ongoing willful violations of law pushing sociopathic showing their children to get away with horrible crimes causing this to a mother friend of their fathers and given the obvious corruption of Dcpp in this our families equation and definitely current circumstances defendants being protected by their actions removal and ongoing witness tampering not working on genuine resolution as that will implicate their Dcpps full actions both then allowing Shayling and our family to remain in this situation Reported to them by our entire family evidence pictures including Siabella Mikailin Shayling and I all informed them of the utilization of a gun in Roberts threats and tirade illegally keeping our family in unfit conditions under threats stress and duress of exactly the removal being exacted upon my family now again for their protection

Here's my appeal for your honors and next suite against all defendants your lawyers Bryan Dratch and all parties who I called who know both sets sides ie bryan abd Lyndhurst Attorneys there fore fuck my families rights violations safety truth and future Bryan's reputation along with all defendants and previous judge lawyers of theirs that are paramount to the truth and me being duly represented will be attacked by professionals connected to and personal friends of Robert Martins it's time 2 little spics in their cage are set free to speak freely against those who criminally attacked them their family father mother and took our future as a full family Shayling alive and well truth being seen much as it's still not being herd ....  
Spics and cages no cameras being raped and feed in doggy dishes no soap their animals who don't need that or a voice like Shayling so desperately wanted here in America ...

I wish being as how all parties still want to skirt responsibility and make my family pay for their crimes and heinous actions we have an immediate status conference with all parties on record statements with both of my children present to tell the court openly the fear and threats along with actions the defendants exacted upon our family them individually and their mother and what their continued denial of actions is doing to them and our family ...

Shay: Hello?

Bobby: Hi, is this Shay?

Shay: Yeah.

Bobby: Hey. Hi, this is Bob Martin, Lauren's father.

Shay: Hi. How are you?

Bobby: Good, thank you. How are you?

Shay: Surviving. What's up?

Bobby: I'm just trying to get ahold of Ray because he was supposed to have the rent money for us. I was just wondering, Shay, if you have it?

Shay: Yeah. We're trying to get everything settled this week. Right now, there's a lot going on right now that we're just trying to handle.

Bobby: I understand that, but you're in business for yourself. You understand that you can't keep a business going unless people are paying you. I mean, we're in the same predicament here. I mean, you're not going to continue giving service to somebody who doesn't pay you.

Shay: No, definitely.

Bobby: You understand?

Shay: Let me ask you a question, though. As a business owner, if you-

Bobby: Excuse me?

Shay: As a business owner, if you provide someone with sub-quality product-

Bobby: Oh, we're not getting into that, Lee. We're not getting to that, Shay, right now, because that's not an issue. I spoke to Lee about that.

Shay: That's an issue with me, though. I have paid you and I have not received any actual quality service for that. That is an issue with me-

Bobby: [crosstalk 00:01:20]-

Shay: ... that I want to discuss with you. Do you see what I'm saying? You don't-

Bobby: What's that?

Shay: You threaten my husband.

Bobby: I haven't threatened your husband.

Shay: You threatened him multiple times. You threaten my family. Now I want to talk to you-

Bobby: I didn't threaten your family.

Shay: ... about your services. Your woman upstairs that, since the day, before we even moved in there, was complaining about smoke and stomping around at 3:00, 4:00 in the morning, alarm clock goes off. I mean, the good thing is that, because of the situation that we've been in, our house is recorded at all times as a safety measure for us. We have audio and video. There's cameras all over the house all the time.

Bobby: That's fine. My question is do you have the rent money?

Shay: I'm not asking for your permission to have cameras on. I'm not asking for your permission, so I don't care whether it's fine for you or not. Do you see what I'm saying? I'm asking you why is it that neither you, nor Ricky, nor Lauren will address the issues at the sub-quality that you moved us into? You moved us into a freaking piece of shit home, I mean, covered in shit everywhere, and none of you will address it. Your money, you want to address.

Speaker 3: [inaudible 00:02:27].

Bobby: The question-

Shay: Where is that?

Bobby: ... is do you have the rent money, yes or no? That's my question.

Shay: Do you have the money to fix the house?

Bobby: I'll fix the house. [crosstalk 00:02:39]-

Shay: No, no, no.

Bobby: ... the money right now, I'll fix the house [crosstalk 00:02:40].

Shay: Perfect.

Bobby: How's that?

Shay: You fix the house, I'll pay you your rent.

Bobby: No, no, no. That's not how it works.

Mr. Martin: Hello?

Shay: Mr. Martin, I'd like to give you the lawyers' information so that you have it.

Mr. Martin: Sorry, I'm just wondering if you're off the record. You know, I only deal with you where we have to deal with you.

Shay: I know, I'm trying to give you [crosstalk 00:00:19]. I am trying to give you the lawyers' information. I understand where you are, but you have to understand where I am. I've been sick since the day I moved in here, into your home. And when I explained that to both Ricky and Lauren, they laughed at me. So I don't know if this is a racial thing because I'm Spanish. Samantha: Here. These children are fine.

DCP&P Worker1: Can you go in the other room, please?

Samantha: Why?

Sia: No, wait. I don't want to be alone with any division, please.

DCP&P Worker1: We got the policeman here...

Samantha: She's stating her rights.

DCP&P Worker1: What's your name sweetie?

Samantha: She doesn't want to be alone.

Sia: No, please, you have to understand. I was sexually assaulted by division workers. Please, you have to understand, I don't want you in here, please. I can talk to you out here, as long as she's here.

DCP&P Worker1: Okay, that's fine.

Sia: No, I want to stay right here. Stay right here.

ManchesterPD: Your car's right here.

ManchesterPD: Okay, thank you sir.

Samantha: Sir, they sexually assaulted her.

ManchesterPD: It's not these people [crosstalk 00:00:43]

Samantha: I know, I hear you but-

ManchesterPD: But I don't know the history of that, and I apologize.

Samantha: As a whole, the division cannot be trusted. He has two lawsuits. He would already had the other one if we had enough money and he would be suing the division.

ManchesterPD: and I, I don't know... Besides what he told me, I don't know that much about it.

Sia: Please, we don't want them here.

ManchesterPD: And again, I understand where you're coming from.

Samantha: We knew this was going to happen. I knew that's why you guys were staying here.

ManchesterPD: Look He's not in trouble. Basically, he's just going to go down to the hospital and he's going to speak to somebody.

Samantha: Yeah, but the division could say anything. They could say there's dirty dishes in the sink.

ManchesterPD: Okay but, their major thing is the well-being of the children.

Samantha: The children are fine.

ManchesterPD: Again, we're not in that sense, that's their job It sucks. It sucks to say it, they have to just interview the children to make sure they're okay. Just tell them that you're okay, that there's nothing wrong.

Samantha: Do they have a warrant to interview the children?

ManchesterPD: They have paperwork. They have papers showing they're allowed to. And you've got to remember too, when it comes to DCP&P, like anybody can call. A neighbor can call probably saying, "These kids are malnourished," and they have to come out here.

Samantha: They have a tip line just like the news stations.

ManchesterPD: Yeah, it sucks. It is what it is. So, people do it-

Samantha: And it really sucks because it was Lee's family that called. Family. What is that?

Sia: Where'd they go?

ManchesterPD: Where'd who go?

Sia: The division workers.

ManchesterPD: I think they're in the van, aren't they? Or no.

Samantha: And the ambulance is closer? Like really, what's going on?

Sia: You said that they weren't coming. You said that they wouldn't come, was that a lie?

Samantha: Can you guys call the local news? Division's trying to take these children. They just took their father to the hospital because they think he's crazy. Can you

Motion regarding case 2:18-cv-12822 legal discussion.

Motion for Federal Inquiry request as to why ~~Case~~ Senator Cory Booker would be ~~revelled~~ at or politically threatened and/or influenced.

Submitted into evidence as surrounding retaliation theft by deception intent to defraud defame from Heather Christineson possibly using Cheryl roses absence to her benefit or willing participation to attack slander rob defame again for the Benefit of defendants and intermediary go-betweens for connections platforms to defame publicly spreading lies misinformation illegally stating defaming statements about Shayling Kenworthy knowing full well like Heather Christineson as she stated in her video seeing evidence medical documents abd having lived with my children and I for extended months being a state licensed child therapist who worked previously for Bergen regional new bridge and Dcpp via her patients and work never alerting me this until she fully engaged in trying to get me falsely arrested and detained in a 262 hospital hold while retaining Lee Merritt esq all recordings again can and will be transcribed and fully submitted into evidence along with heather stating she called spoke to abd continued suppling Robert Baty with misinformation false information about me along With other group members professionals such as Clara balacacer-colon who openly publicly after months of staying Shayling Kenworthy was a drug addict who was killed by lee Kenworthy finally acknowledged she is personal friends with Robert and the Martin family as well as officers hagerty and Riena all great families as Clara stated in multiple areas slandering defaming my wife for again the defendants benefit

It's these ongoing situations that until truth public record my children's voices being heard once and for all well as the evidence illustrating these crimes ongoing and the root crimes this is stemming from being Robert Martins unlawful threats with his weapon to remain in uninhabitable unfit illegal conditions then Lyndhurst police officers ongoing crimes leading to Shaylings murder and still silencing our voices for their crimes to unpunished

Produce protect benefactors of estate plaintiffs Federal protection for already protected parties victims witnesses and enduring ongoing crimes for defendants avoiding any accountability whatsoever because denying oxygen threatening a family to live in a home their health obviously was at life threatening risks at especially adding police officers violations of duty acting as thug gang members..

I wish being as how all parties still want to skirt responsibility and make my family pay for their crimes and heinous actions we have an immediate status conference with all parties on record statements with both of my children present to tell the court openly the fear and threats along with actions the defendants exacted upon our family them individually and their mother and what their continued denial of actions is doing to them and our family ...

Also I would even ask that Richard and Lauren's children be brought to court put on record or at the very least be interviewed by Dcpp or a state psychologist to determine the detriment this ongoing denial of a wife mother friend killed and their lack of care concern compassion bordering on full out sociopathic behavior and lack of moral integrity to be both behind the badge and raise god forbid more callus cold blooded killers viewing others as worthless ... Their children will account to the same as my children or lie for their parents/family/cages/killers as to their family acting as if no one smelled what all of us got nauseous from ... All children gasping including theirs when that was said as Robert Martin then went on to degrade his son in law their father about how stupid he was and he told Lauren not to marry him ... This must be brought to an end regarding the ongoing torture my family is continuing to be subjected to for the defendants to not be painted as their actions blatantly illustrate them to be guilty the truth is recorded so please again I ask let my children speak in open federal court along with multiple therapists doctors and Tim Howes to attest to my families civil rights violations and illegal separations for benefits of defendants and liabilities...

I would like at this status conference to put on record also Taja Conover Phil Linfante Mike Diarchangelo Md Dr Andrew Medvosky The medicinal prescriber and assessment of mental capacity ptsd

free of delusional and or psychological issues making marijuana a valid accurate prescription for my ongoing trauma of state sanctioned discrimination and attacks against my medical best interests as well as my children's psychological best interests which are not being met at all by resource cage/threats from friends family of police officers keeping children from even discussing their mother and truth with state sanctioned private contractors protecting liabilities for guilty parties who've actually committed crimes against Siabella Mikailin and our entire family witness tampering further damages psychological abuse neglect harm and endangerment by all participating parties

I ask given all professionals medical and legal wishing this to finally end for our family a little to late given Shaylings murder but time it's with these factors and professional I politely respectfully demand and request humble that my children family professionals be heard in open federal court on the record and bring this to a civil rights causation wherein they are actually respected and restored no longer allowing a corporate entity making profit from this to hold my family children illegally for gain image profit protection and ongoing harm cruel unusual and irreparable...

It also must fully be stated and like requested before the Andersons investigated by Dcpp and possibly a higher federal court appointed investigator ordered surrounding the unfit conditions they allowed both their family and our family to live in and the ongoing willful violations of law pushing sociopathic showing their children to get away with horrible crimes causing this to a mother friend of their fathers and given the

obvious corruption of Depp in this our families equation and definitely current circumstances defendants being protected by their actions removal and ongoing witness tampering not working on genuine resolution as that will implicate their Depps full actions both then allowing Shayling and our family to remain in this situation Reported to them by our entire family evidence pictures including Siabella Mikailin Shayling and I all informed them of the utilization of a gun in Roberts threats and tirade illegally keeping our family in unfit conditions under threats stress and duress of exactly the removal being exacted upon my family now again for their protection

Again given sexual assault and witnessing all defendants crimes against them and their family from assault with a deadly weapon terroristic threats and Depp liabilities its apparent that Siabella and Mikailin Kenworthy benefactors of Shayling Kenworthys estate witnesses victims parties plaintiffs it is absolutely required they be immediately procured protected and secured as protected parties plaintiffs benefactors to the outcome of these proceedings Shaylings children and legacy who's voices must be federally protected against guilty parties and any ongoing civil rights violations while on the federal courts watch while and so these proceedings may begin and come to a civil resolution truth facts evidence being heard seen setting my family free while all of theirs walk over our existence for their actions to go forgotten because they all occurred as illustrated thru all actions recordings evidence and further ongoing crimes to help cover their asses for the most disgusting heinous crimes imaginable...

Motion to call put on record expert witnesses also parties to Shaylings life cases and death expert witness friends like Tim Howes Judge Bonnie Mizdol Judge Etc Phil Linfante Mike Diarchangelo Along with Cory Booker and Kevin Bates Corey's security main man as Cory put it to observe get involved and help my family end this to all put on record the illegal criminal actions and activities from Dcpp as fully illustrated in arguments set forth given rule of law does apply to a judges decisions and double triple Jeopardy from a third party private corporate for profit contractor is just as illegal and discriminatory as if the United States government were to try that which is actually why it's illegal double jeopardy rules governing laws of court and such...

I wish to call Judge Bonnie Mizdol Judge From 2014 who both levied court decisions stating the private entity Dcpp/dyfs was illegally asserting an incorrect assumption defaming my family and thereby granted me custody putting on state court legal transcripts and records that I Lee Kenworthy am fully free of any mental illnesses making every action allowed another second fully beyond the illegal it was yesterday for profit again I must add and note for protection of itself and the murdering police and threatening cage owners I mean dirty slumlord thugs who threatened intimidated lied continue doing so and are walking free homeowners who also broke the law and utilized this organization for profit again to threaten intimidate and ultimately try to control us our silence as they are recording again threatening me if I want my children home safe where they belong

It's imperative previous judges presiding on my families cases be brought to federal Court and fully put on record about their sound decisions to give me my children as I'm fully fit beyond any doubt and this is criminal from Dcpp as they stated on record when making those legal sound legally abiding Court rules decrees about me yet this private corporation this past us all how ???

Absolutely time to bring these factors of obvious ignorance of atrocities in your own backyards to light .. Don't doesn't the federal court agree and please deny the motions I'm looking foreword to Supreme Court if necessary given the obvious truth evidence illustration of crimes ongoing and how many parties and court documents will be shoved down everyone's throats who ignored my wife Shaying Kenworthy our children Siabella and Mikailin so theirs flourished like governor Murphy attorney general and of course Cory complicit Booker

All actions and motions I would hope the federal judges and course recognize both the Supreme Court arguments and immediate action needed demanded by introducing said arguments proof and crimes against humanity raising reactions of federal civility and governance of rules of law immediately instituted and reinstalled where being mass violated I ask also that your honors recognize the valid class actions I've already begun writing and illustrating including war crimes from private for profit entities violating every constitutional paradigm this country was built upon and fir removing all freedom selling us back to royalty with a brand masta never again .. As such I will begin organizing and building evidence I would imagine the federal courts would assist ending war crimes and atrocities committed by these corporate entities here engaged in witness tampering and illegal detainment of minors theve assaulted threatened tortured and did nothing as Shaying was murdered surrounding evidence gathered on Dcpp dyfs this exact corrupt corporation and their willing participants like officers hagerty Reina Martin and across the country countless others including Cory Booker who along with Kevin Bates I'd like called to Court to ask why they promised my family Cory Bookers help yet nothing has occurred making him a willing ignorant presidential candidate to keep the lid on our country's atrocities nope sorry Cory not presidential your another snake in a suite who will kill American citizens and immigrants seeking the life you have and will protect at all puppeteered causes and costs lying to the American public ...

 Subject: Motion 2

Motion to freely break the law and kidnap with the illegal enterprise Dcpp and the attorney general and courts assistance of course Lauren and Richard Anderson's children illegally with your legal permission to utilize 50 people resource families criminals all ready for a paycheck like being operated currently I've found to lie illegally with their lower medical license to practice therapy advocate do parenting classes consisting of Oprah episodes and stories told of the administrations/moderators of fraudulently forced services kids/family/Dcpp workers taking away children oh the Horror stories you'd be surprised these animals deal marijuana in front of their kids type holy high horse now telling us parents there do as told illegally by their families and we will get ours back now same are invested in the dispensaries then onto orchestrated opinions not legally allowed or ethically sound so in other words not actually medically legal or able to diagnose anything especially with actual medical history records stating otherwise .. So essentially this is a motion for my family and friends to have free reign and liberty as defendants and enterprises of these nature's have been to break the law kidnap torture and hold their children hostage illegally until these corrupt criminal thug coward murdering pieces of garbage abide by any civil rules of society

I do understand this is a new irregular almost illegal/legal mirror mocking calling out of illegal criminal enterprises being given full reign motion to enter yet I'm sure in history no other judge was at the age of technology to get caught in helping her friends with badges because she likes her bench and salary so much 2 children and their spic mother killed every recorded piece of evidence delivered to the court including friends of the court Dcpp stating drop this lawsuit and pursuit of justice for Shayling Kenworthy and they will give my children little spic hostages back otherwise their getting adopted to Roberts racist friends behind the blue wall .. Very interesting times when state/Federal has caved to corporate corruption organized criminal activity because somehow they've adapted a blind eye ☐ causing paralysis of truth evidence submitted pushing us way beyond any reasonable doubt that laws were broken because they are recorded breaking them your holy godly great Federal on the bench wizard of oz I've pulled back the fuckin'g curtains can you please restore justice in the land of USA oz where the puppet show parade hides the truth for USA's continued \$\$\$ revenue like Lauren May have actually instructed another rung of their enterprise this is costing money ☐ that spics and white Indian trash like me aren't worth unless it's going into your pockets for our false illegal detainments at the bequest of criminals for their protection can you your honor finally push these spics to the ground where they can't get up and truth won't be seen with illegal motions to dismiss committing perjury ourselves as the interrogatories where delivered to your attorneys and home owners insurance is recorded stating she received it from them and would settle as your father is a thug who threatened us and your house is beyond trash disgusting that anyone lives like that but minute the world actually sees how you carry yourself Lauren all frumpy Slumped out of shape 150k in your home to spend they'll fully understand the trash you actually are and do infact live like cause cleaning after your animals actual animals is beneath you somehow maybe or your just that filthy of a pig ...

This again being stated if I'm lying is perjury so can we stop bickering thru bs paperwork start putting this criminal families shit out in. The public or do my children need to hear from their Robert Martin Lauren Anderson's friends literally their family and friends online about Shayling being a spic drug & Sex addict who's better off dead both only being stated falsely to protect their crimes their image and your honors I would hope not to taint these proceedings and their criminal trials you the federal court would not allow that type of slanderous illegal retaliation against Federal plaintiffs for the benefit of guilty defendants to smear openly there victims again to skirt the truth and manipulate these holy federal justice that's not a game yet songs have been made with exactly that in a land where justice is a game Hurrican Reuben Carter right down the road in Paterson I'm pretty sure Robert Martin and those parties can also be placed in many rooms thru out the years they worked on the job together keeping little niggers and spics in their place where they belong if and when we don't behave how told by masta cause please at this point I'd like an explanation by the court and judges who is allowed justice in this country when evidence has been submitted illustrating Roberts threats crimes and hate yet blind and deaf the court seems to be since the attorney general is going after the victims not the guilty parties ...

I do apologize your holy honor for my brash arrogance and wicked tongue in illustrating the truth and do apologize again your honor for such references like Federal wizard of oz but when there's as many laws broken and my wife Shayling Kenworthy murdered Lyndhurst detective Pizzuti literally lying about a criminal act recorded threatening the victim of police brutality who just had to watch let his best friend be killed in front of his eyes to get out of that room alive not leaving my children orphans I hope you can support and sympathize with the victims parties to horrendous acts of abuse violence and depravity from the badge and positions of authority and

\* Seniore Tone motion  
 \* Generally appointed child psychologist  
 MD to investigate all parties  
 \* As Recorded by Lauren's  
 Father Dcpp threatened Shayling  
 murdered as recorded 2 years  
 of Dcpp Police Pds of Roberts  
 for lawyers like Zach Holzberg, BAYEN Dratch  
 finally stated the threat of my children hostages  
 for  
 Silence

Demand justice for again what detective Pizzuti states loud and clear yes correct we killed her on our body cameras their here and logged in .. As stated by another Lyndhurst police officer if we have them on they are on the entire time how it works no choice ... so Lyndhurst police seem to have a say whatever the fuck they want break the law murder a mother cover it up policy that will be the truth if and when caught great people and your honors responsibility is hearing seeing viewing the evidence rather than chambers/clerks lying about procedures and deliberately blocking physical evidence such as police officers Dcpp breaking the law all relevant pieces of evidence I do believe it's a course of justice for me to be permitted and not tampered with or any threatening behavior like Federal marshals needing to detain me when my children have legitimately been kidnapped for protection of criminal activity your honor I humble ask my children and medical professionals of years be allowed to openly put on record in Federal Court as I've been requesting since January of this year crimes against our family known still yet to be prosecuted

Should the federal court again not allow my voice pro S.E. to be heard I'll get a my or since delays are torturing my family another lawyer to re present my words puppeteer style so the holy federal judges may hear commoners such as me and my children being gentrified colonized and robbed of their culture history mother father freedom and safety in terms of dollars buying respect of both the court and legal professionals who can't see above their own criminal activity in racketeering with every criminal act they hear and are legally obligated to report as officers of the court to protect citizens clients litigants and our constitutional rights ...

**Subject:** Motion 1

Motion for federal court judges to initiate whatever protections and investigations would and should be in place for retaliation from government police or corporate corruption during proceedings as I absolutely would imagine America and the federal court has in place given both victims witnesses plaintiffs protected parties to assaults murders rapes crimes against them constitutionally violence raising to the need of federal judges and oversight with whistleblower laws in place as well that may would have been given duly represented or an executive frat boy member of those these select communities willing to keep something like this quite would receive but given my now further request motion for immediate end investigation and arrests for crimes ongoing and in conjunction with defendants for liabilities actions and crimes they wish to walk fully from every being heard seen and resolved civilly making this absolutely disgusting disgraceful and deplorable

This isn't a family affair or secret to be kept this is my children and family not politics and differences of both opinions policy beliefs and in the end loyalty that I'll never declare to those fully engaged knowing the atrocities being committed and levied for profit gain image protection flat out declarations of what already caused one civil war this being the same divide in my Queen comes from any offshore paradise like our America being attacked by this exacting hate placating classist systems to ensure our undying allegiance to race origin religion or any bs barriers needing a passport and mom/dad/unclesam/United nations peers instafuckinggram or anyone telling those loving breaking hatred at its core for future they need permission or chains will be exalted... These are the divides to rip us to core morals stating fuck you our families families will never again be delegated separated ripped apart tortured and killed for your hatred to pay line your pockets off of America's demoralization degradation and encampment incarceration occupation of criminal war crimes choking any future truly sustainable not headed for absolute war to end the tyranny that will result in special destruction via glutinous waste of resources as we are fighting as well to be acknowledged by current dictator war criminal elitist regime who illegally took our Oval Office actually a friend of David Blaine 2 mutual friends fucked up agendas both rapists grabed em by pussies and drugged and raped a woman lies about details he could also illuminate in our lives and case also recorded thank you Shaying truly for what you did record amazing my love since this Federal record is history ... Shaying Kenworthy gone David's office visited 2 weeks prior to her murder

It's with factors and crimes which will be heard loud and clear on record by via a status conference including victims Siabella and Mikailin assaulted brutalized by Dcpp and Lyndhurst police officers ongoing as they deny facts calling our children liars for them to walk free when their crimes are recorded and Siabella and Mikailin Kenworthy are waiting to be fully heard listened to and protected as our constitutional rights ensure families have here in America unless that's for sale to highest bidders payers and images like those needing protection over truth showing stating and illustrating justice is gone in America another elitist ruling illusion for criminals to rule like Kings/queens/gods allowed anything just keep the shit people you abuse use employ rape kill assault out and they don't get into your ranks to tell anyone else who matters or might speak up ...

With professionals who can truly illustrate to the court the mental emotional abuse and trauma damages being exacted upon my children family given assaults liabilities and children needing protection to speak freely from their current cage/captures and state therapists threatening their safety wellbeing and mental health outlook when blatantly protecting criminal activity specifically regarding Dcpp and Lyndhurst police officers hagerty and Riena and all homeowners including the retired deputy chief of police of Jersey City Robert Martin who threatened them us our families safety and lives weapon out rather intimidating then telling them fraudulent harmful information about their father trying to harm hinder their lives future wellbeing absolutely psychological abuse neglect harm with actual intent ...

Siabella stating she wants her grandmother and aunt Casey Kenworthy in jail for lying perjuring themselves to take them into their control custody and endangering psychologically abusing them ripping them from safety to not talk about have pictures celebrate their spic mother who's Kind belong in a cage if they can't accept their place doing dishes and lawns as stated by Barry Dywer who also while stating throw them all the fuck out or in cages where they belong 3 weeks after Shayling was killed when asked please let's shut this off it's upsetting Sia and Kai who are in tears asking if shays parents are getting locked in cages or thrown away Barry dywer stated my fuckin house if you and goddamned wife could feed your kids they never would have been with us or you here ...

Meanwhile when illegally there for 14 months Shayling paid 46k in child support for that time frame Barry dywer which went into your racist hateful pocket to take care of and abuse her children who wish you all in jail for your crimes against them their mother father to protect your friends police officers and yourself

It's with these factors crimes being aloud to continue abuse neglect and detrimental harm to my children who will always be loved and protected in my home care custody where they belong and were illegally ripped from

Siabella stating to her therapist Taja Conover that she knows her grandmother and Casey lied they've discussed it and other lies Sharon put on court record in multiple courts to continue threatening and intimidating children who absolutely do not feel psychologically safe or loved with a sociopath who would do this to her own family based around a hate they will say no not them never to yet not one picture of Shayling Kenworthy our family together nor a celebration at all on Shaylings birthday instead they cried alone together in their room talking about her isolated and they can not discuss her murder or their friend Robert Martins threats Lyndhurst police false arrests or Shaylings murder including with their therapists helping to threaten their wellbeing and safety emotional trauma just being compounded as they both see these people helping who attacked their mother

Motion with evidence presented now transcripts submitted should the federal court fail to see the federal violations and crimes by officers now in writing for your second perceptual form of consumption hearing has been covered now onto visual/audio/reading the court call into record some state experts to evaluate crimes committed ie constitutional violations and I would ask this motion be set for next week status conference evidentiary preponderance conference declarations of legal professionals expert witnesses since needed to illustrate crimes committed by defendants as not apparent when a home states weapon out ill bury you hunt you take your children from you wherein I'll have names professionals professors and schools of law to present to the court for its constitutional considerations the obvious crimes legal professionals children can argue by 9 that have seemed to slip by the Lyndhurst internal affairs chief of police Bergen county prosecutors all fbi and Attorney generals office investigators unless the obvious most logical plausible conclusion must be reached corruption is a foot for protection of heinous criminals crimes committed and their ongoing abatement of justice or accountability...

Motion for federal arrest warrant issued upon for Siabella and Mikailins law guardian who has fully violated her clients civil rights and best interests for a 3rd party private corporation making profit off of the trauma and neglect being exacted upon my children for profit and protection of crimes against Siabella and Mikailin Kenworthy their law guardian had has is ignoring helping suppress and the audacity of the attorney generals office being used as a guise of rule of law my children need an immediate appointment of legal guardian in lieu of reunification should the federal judges be so locked into ignorance of laws allowing way to such retaliation to begin with ...

I hope at this point too the federal judges see not only will I fully illustrate my case without an attorney beyond any reasonable preponderance as crimes are recorded and truth apparent beyond any reasonable doubts there actually court records and legal documented facts decrees illegally gone against by for profit contractors for protection of self and defendants but also will destroy anyone's career who would illegally deny my family children justice and my wife Shayling Kenworthy her voice once and for all in a country I'm disgusted with that she loved and called home desperately wanting her voice I will not allow be denied post Mortum for careers images lies and American crime as usual behind a guise of freedom when justice is an absolute ill delivery to my children Shaylings children and our world ☐

I've referenced amistad and it's a movie case piece of history Shayling and I watched countless times especially with familiar vibrations of seeking fighting for freedom still being fought fir and it's a Movie we introduced to our children which I'll watch another hundred times with them and my grandchildren without Shayling as we planed to together showing them a fight that can not ever repeat itself over such arrogance of property denying a life lived free to love and prosper as our family suffered along with countless others of Latino origin aloud by all to be thrown selfishly in cages for again profit turning freedom and pursuit of such into their enjoyment and fake awards for willingly allowing it as they took their children to concerts forgetting that what happened to them and us and all can never be given free reign yet it was the rest of this theoretical history lessons to my grandchildren yet born I await the federal courts judges response and moves in this very audacious time in history embarking upon the age of information technological advances and your careers and public score cards and scandals are not going away with murders any longer ...

Motion for oral arguments to be heard regarding motions to dismiss as their motions are perjurious and illegal in nature which can absolutely be proven beyond any reasonable doubt and preponderance of proof being as how interrogatories discovery on my part the only discovery every illegally initiated was fully complied with and received by opposition defense council and disseminated to their proper Chanel's for legal recourse and resolution ie their insurance home owners carrier stating she has the interrogatories and recorded evidence wanting to settle this was before my children were illegally taken at the bequest of guilty parties with liabilities against my family both Bryan Dratch and Zach Holzberg were asked begged to protect my family against this type of retaliation while involved in a federal lawsuit that resulted in my wife's murder causing rise to another federal lawsuit and those Lawyers working together to protect my children and I more great questions for these oral arguments I would actually ask Bryan Dratch and Zach Holzberg be supeoned to Court for their either truth be told or treated as hostile witnesses since this was obviously allowed by so many parties with degrees and paths that know better ..

Although this motion is mocking in nature it must also be taken as seriously as the content put forward and an imminent immediate Childrens services investigation from someone state Federally appointed given obvious corruption in the 3rd party criminal enterprise known as Dcpp who ignores valid credible recorded threats follows thru on them and continues threatening the victims of police Dcpp violence brutality corruption crimes and control for liabilities truth being seen ...

it's again that I ask request and motion that an independent in-depth investigation be launched surrounding the unfit conditions a police family both lives in and had no problems illegally renting resulting in a woman's death... How this police family is raising their children all parties knowing full well their grandfather is recorded threatening their lives safety and children and the obvious psychological harm and abuse this police household is going to inflict upon another generation when crimes like this are being supported celebrated and psychologically reinforced as heroism supported because Shaylings spic drug addict ass doesn't deserve civility and these parents are fully allowed to break laws be supported by their communities and the courts to raise more heartless monsters..

Questions to the Anderson's for example after showing them the full pictures of the house conditions which they've been fully aware all along and ask them do they feel they were within their legal rights to rent out an unfit home ... Do they feel justified treating a family like this let alone a friends family you grew up with .

Do you feel any remorse or guilt for your families especially your fathers actions ..

All these extremely relevant states of mind and disposition are very crucial in how they are raising their children and what exactly is being told to their children about the criminal activity that ended a mothers life ...

If these crimes are being excused and actually celebrated ie in this young children's minds their family had a situation with some sort bag drug addict pieces of shit as their friends and family are circulating for their protection how exactly are these young children going to handle the detrimental harm of knowing their family are killers with no remorse and their neighbors school mates and friends are no longer going to view your family as hero's rather killers thugs and gangsters who's parents may be in jail for a very long as this continues more crimes being added for the protection of these police officers children to hand down their criminal families together training the next set of deception good people good families who keep secrets like Richard Anderson's spic boss wouldn't do ...

This is beyond psychological child abuse on all parties including those watching waiting on a resolution to truth crimes committed by the Anderson and Martin families as well as Lyndhurst police entire department as the fbi stated these thugs criminals are still on the job ... Well in Lyndhurst when Mommy is a commissioner hagerty and Robert Martin got congressional awards we want to hide the truth about the criminal enterprises government and the badge have allowed families like theirs and Bittetos to sell heroine and steroids to children threaten families with weapons recorded and instead of an arrest from Lyndhurst Shayling ended up dead killed by hagerty on his body cameras stated loud and clear yes they are logged in by detective Pizzuti so when the fuck will the federal court and attorney general arrest and prosecute these crimes ... All these factors need to be investigated by A federal appointed investigator that reports findings to an independent counsel for full review and actions on placement of the Anderson's children for obvious protection as their family is fully exposed and treated accordingly you know detained and legally held prisoner for their crimes ...

Once again I apologize for my disrespect and cursing at the issue via my paperwork and the federal court if you wish to find me in Contempt and fully show your colors as to possibly feeling these officers breaking of the law against an uppity little spic immigrant who felt she had rights your honors are still denying her spic babies and husband please find me in contempt of court because I absolutely have it as I'm legally allowed should we find ourselves fully constitutionally void of rule of law in our country ...

Motion for on record appearances by legal and medical experts and witnesses to attest to ongoing crimes and corruption of an irreparable nature surrounding witness tampering threatening and false constitutional illegal violations detaining parties beneficiaries of the outcome of these very proceedings your honors should be duly protecting as they also should have been in docket number Kenworthy via housing

I ask the Federal Court judges after almost 4 years on the federal courts watch dockets and discretion to intervene that I finally be aloud on open federal records a day in court to once and for all put on record crimes committed by these parties and all parties leading into both my state non state housing authority position after my wife Shayling and I tirelessly tried to blow the whistle on our children being sexually assaulted by a dyfs/Dcpp worker recorded then a state position that returned my children that year bacj to my wife and I when they were never out of our legal custody just being threatened by parties not wanting years of recorded crimes committed evidence shared ever from Shayling and I so we needed to be kept on leashes well again sold a criminal enterprise I want no absolutely no part of thank you very much Stock owners slavers via private corporate children services jails detention centers juvenile detention centers now immigration family detention camps housing authorities for subsidized profit into the millions each county hundred million per county some each leg component to feed families knowing full well the illegalities of what they are doing. Including innocence who will speak up or they raped robbed or they no longer will sell drugs for the list goes on which is why Bitteto wrestling and their crimes selling children young adults drugs was happening all along part of ongoing ignorance or criminal activity organized crime with state license plates at their utilization ... Paul Nichols was on this report trail and case until another natural death actually only really the month maybe 2 months b4 Shayling in Bergen county yet Shayling didn't die supposedly in Bergen county so why exactly did they demand to autopsy breaking all protocol as once again yes your honors and opposing counsel say and spell it out loud recorded you criminal complicit assholes not per say your honors as I'd imagine I've made more than enough sound arguments to proceed to trail enjoy your cells in hell this life has already been spent on the eternity you all purchased with every action then and continued ... This for Shayling and I has never been about money but exposing the truth surrounding all these people crimes and hopefully fully set our entire family free fully together ... Shayling and I as well as our children went into this knowing the possibly consequences as justice is so fucking blind in this country her us our kind on this side of the wall walls built we have no rights when criminality is so apparent helped and aided to remain quite its choking us all here and in our next resting places ... We I Lee Kenworthy who had full custody of my children worked a state position not needing this false hospitalization narrative anyone wishes to illegally state as there's years of me bringing my children to school caring for them and not being medicated or what Dcpp the attorney general hailing from good old boy Bergen county to protect his pals and criminal behavior that happened while he was in Bergen county with Shayling my children and I

13 years recorded evidence to be transcribed fully implicating countless precincts officers both willing and unwilling Ie lies to by the corporate corrupt Dcpp/dyfs private corporations obviously doing the bidding of others and \$\$ for again thank god more money what a non corrupt way to third party skirt government responsibility for profit and crime under the guise of protection theft around the board even in congress of honest services with the audacity of not knowing profit would give way to corporate corruption

For 2 participants defendants who wish to position another argument for dismissal I'd again state oral arguments are definitely legally needed to illustrate both parties perjurious arguments of non involvement or actions warranting their suites and negligence and crimes against Shayling Kenworthy our children myself and the general population with regards to both health and characters being given reign money over housing in our country with such criminality running rampant for profit benefit and enjoyment for those willing participants who'll play ball

As to housing authority their blatant retaliation and discrimination blurring lines and showing on Dcpp illegal actions on both parties as Robert Moore was interviewed by Dcpp while attacking with his agency my family our children dwelling where we were being collectively assaulted as recordings fully illustrated With respects to disparaging comments I'm simple illustrating criminal components actions and elements that have unfortunately altered irreparably my families lives

Dcpp is not allowed to ever ever illegally interview your employer and the fact HABC illegally defamatory tried to cross such illegal lines no has yet to call to attention you would have thought Zack Holzberg would have pointed that out or responded when Shayling and I requested his firms full help and involvement to press all legal criminal charges on guilty parties before Shayling was killed murdered while like recorded with Zach Holzberg being retaliated against which is why we asked Zach to get on the phone with Toni Yates of abc to air the recordings of Roberts threats before they kill her as he threatened ... Zach Holzberg's statements surrounding why he and his firm did nothing yet got me a settlement missing Shayling Kenworthy murdered by Lyndhurst police in Roberts home actually happened I'm really interested in hearing their excuses and also seeing what exactly the fbi recovers that I'm not able to in discovery when I sue Zach Holzberg and Derrick smith law group for obvious misrepresentation legal misconduct amongst ill put it together properly given it lasted 4 years we are going into another great Lawfirm who'll allow you hell while they should be as recorded by the federal prosecutors in West Virginia protecting me and my family wtf are they doing right before. My children were illegally detained along with me my illegal detainment to protect parties my law firm was suing incredible honestly ... Or am I misperceiving the facts crimes recorded evidence to be fully submitted transcribed hopefully not at my children's memories and personal properties expense but at the states finally fully prosecuting guilty parties ...

All evidence that is going to be fully viewed by the world including my kids crying held hostage saying telling the Federal Court and world they can't talk about and are forgetting what Shayling their mother looks like because of their state sanctioned torture chamber to aid and abet killers and the changes Shayling and I built that will be realized I'm glad that we are going to live in That world were I'll never be able to exact the revenge and hate on your families that you all did all so willingly as if your all above the law and would continue getting away with it onto mine and countless others across this world for your luxurious and Christmas bs fairy tails your children get while others build the toys slave child labor wages for your families enjoy the holidays and news cycles you wish not ruin with undeniable truth facts murder crimes committed against families by our government and dirty assholes for profit

It's with these factors I again ask demand require request motion for my legal and medical professionals to be heard along with myself and both children Siabella and Mikailin Kenworthy benefactors of the outcome of proceedings and victims of the defendants so proceedings can be set they trial date and put on course for justice my family children rightfully deserve..

Motion for all lower court proceedings for my family children Shaylings kind in cages illegally for profit immediate oversight cameras on all investigators workers therapists everyone involved with children across the country in both children services for profit and family detention for profit all parties committing theft of honest services while committing the most heinous war crimes human rights violations every imaginable and since the ovens but those are not absent when mothers like Shaying Kenworthy was silenced having recorded evidence seeking asylum at that time from her country for safety from private corporate corruption being aided and abetted by attorneys judges police and corporate officers with direct intent

Motion for illegal proceedings in lower courts with private corporate entities surrounding retaliation to be immediately vacated specifically surrounding the illegal detainment of my entire family for protection of all defendants criminal activity then rising to multiple federal cases and now raising to more federal constitutional violations demanding federal courts attention and immediate mitigation to stop corruption threats illegal detainments immediately which is causing irreparable harm and damages to my family children and our country rule of law for such egregious actions be freely given reign over justice

Arguments and evidence set forth in motion including Dcpp recorded stating illegally my children home if I drop this lawsuit your honors are presiding over now having this evidence already submitted might I add that I must illustrate and transcribe for your legal constitutional protections it's a bit dismaying as to our country's current affairs and who's sitting on our benches but also not suprising as anyone of you Federal judges can write up the brief for the war crimes being committed against my children and wife's kind .. Nevertheless transcripts now available of Dcpp private corporate enterprise for profit violating my and my children's civil constitutional rights I ask these illegal actions by a corporate corrupt via obvious recorded submitted threats against my family for defendants protection ie breaking the laws crimes committed we le you Federal wizard of USA not illegal corporate structures to do exactly this to families will be immediately vacating all illegal lower less authority courts actions and reunite my family immediately...

Evidence submitted Siabella transcripts stating multiple times to multiple authorities and now fully submitted to federal record Siabella and Mikailin Kenworthy were sexually assaulted by Dyfs/Dcpp workers with their mother present and recording stating no objecting and the assault occurred to no avail because of the threats of removal and placement in a dangerous county which was repeated ru Jose and Nelly Sang Shaylings parents later that year as I was interviewing for my state he quite position. Siabella stating loud and clear what your federal holy ness knows a private contractor who makes a profit off of separating/helping families who sexually assaulted these my children minors has massive liabilities with this family and should be no where near us ever as each action is a continued assault and abuse agony affront to our rights laws and future further psychologically threatening and abusing us to get away with what a private corporate entity is please your honor make the damn call once and for all and get these fuckkig lying complicit criminal coward child endangering thugs the fuck away from my children and I while I'm still alive for them please as my wife asked of Zach Holzberg and allll parties like Tim Howes now a witness and possibly his wife a judge could also be another witness ...

Since I must I will illustrate here the power of the judicial branch and it's full reach and possibly complacency in the equation to rule justly needs to be fully seen publicly

Judicial branch can exact demand decree federally order or bring to order the countries criminal illegal or acts of war crimes by parties changing policy for profit treason especially factor in such variable as tax payer money given to friends who payed helped into office illegally as is being fully again illustrated damn that technology my generation is gonna choke you all with to exact hate revenge and propaganda for willing conspirators to commit atrocities not our shores in the name of say it profit tax paid stolen and one federal judge today right now even can state since tax payer money going into these for profit illegal war crime cages if we pay another dollar

cameras everywhere so no ones human rights are being violated for profit while all news stations and celebrities vein veil concern while the cameras and red carpets are our children raped all weekend while your federal holy neeses across the country missed that legally maneuver of law if you cared to save lives atrocities and actually what our future generations will still be paying for in costs via human rights violations allowed by our entire government every body and Hollywood controlled media so it's beyond in full view

Motion to call character historical testimony statements from witnesses in both personal lives dwellings professionals and entertainment industry affiliates potential business partners via both testimonies and recorded credible evidence supporting ongoing activism reach and corporate corruption that caused pause via Depp/dyfs which Phil Linfante and multiple witnesses to be named such as Martin Assestrian esq David Blaine Curtis Jackson Kevin Weeks who can attest to Shayling Kenworthy pitching them a show while I was in court about Children services and the our right violations of all of our civil rights across the country Kevin and Curtis's response was beyond the most honorable action statement and treatment respect all earned which I'll allow Kevin and Curtis to illuminate my hats are still off to you gentlemen ...

Aces high as well with our orange clown Trump being impeached for organization the illegal regime takeover of the United States with foreign parties as caught trying now for a second term to illegal detain Shaylings kind animals rapists for profit war crimes against humanity... These corporate parties entities and structures illegal unlawful detainment of families for profit Shayling Kenworthy and our family spent 10 years gathering evidence against with David Blaine's full awareness of including false incarceration's illegal removals and all illegalities surrounding Shaylings murder it would be fair reasonable questions of have you and your personal friend at discussed in person via email or text my wife Shaylings murder our families ongoing civil rights violations David Blaine has been aware of since 2010 ... David Blaine's phone will as well as ours along with years of recorded evidence will fully illustrate David Blaine's awareness to all details as if he was being fully debriefed ... Samantha brown can attest to years of authenticity of recordings she was party to with David be informed all ongoing crimes against our family

That being stated and David Blaine recording in what has in private conversations more recordings lapsed from his integral memory any recollection of telling Shayling she had to talk to me and deal with the baby she can't carry cause her water broke and Shay Sia and Kai are hiding from aces dyfs as I'm in rikers island fighting extradition on a false illegal detainment and charge from New Jersey Bergen county jail and sheriffs from when Mikailin Kenworthy was being born assaulted and all David has known since the moment the second set of assaults occurred immediately from Shayling recorded and immediately after I was released I met Kai and went to tell David about the assaults as to which when Kai was born with regards Judge Bonnie Mizdol who had me put on record that all the obvious assault wounds were self inflicted the day Kai was born David when told informed me he was losing his money because of a Ponzi scheme his accountant manager etc invested robbed him etc ... The next year before Rikers island my false detainment false arrest and threats upon my children into occupy Wall Street Shayling and I we're working together with 50 cent Curtis Jackson putting together a Movie with a part bit part for David Blaine which 50 was fully willing to fund and be in excited to work with Shayling and I ... All parties can be called to testify as I explicitly told asked argued with Bryan dratch who left my children family attacked and retaliated against leading to their false detainment for profit and protection of crimes against humanity them myself and such arrogance audacity from integrity to truth thereby leading back to David's lack of integrity raping a woman lying crying recorded also stating if I say anything or testify get involved in any way they will put me in jail truly needs to be questioned

I'm honestly glad Curtis Jackson was is and remains a man of integrity not a pussy dick nidding puppet afraid to tell the simple truth ...

I would also like to call all Depp/dyfs caseworkers knowing full well I have no mental illnesses or defects barring me from my children or needing any medication as they never had to adhere to a regiment illegal like being exacted upon us currently illegally and Bunni having such care concern and interest in a full visit he had me hold both my children up to the window waved while on the phone and called that a home visit because of an actual emergency situation family children in need felt it perfectly legally okay to not have to view my home the children or anything given the lack of this apparent narrative for obvious purposes of protection of their liabilities against Siabella and Mikailin Kenworthy and our family Shayling Kenworthy included no longer with us as a result of their ongoing attacks illegally against our family violations of our constitutional rights

All to negate their illegal actions captured on audio video recordings by Shayling Kenworthy as will be fully presented proven and beyond illustrated to legal preponderance of proof beyond any reasonable doubt and clear and convincing evidence Ie recorded criminal acts by Depp lawyers judges cops paid for employees of Depp therapists/thug/lying/bought/slander for gain profit and protection of crimes theft of honest services

I hope everyone hear sees the new articles amendments to our constitutional protection and processes being altered bettered and rewritten to. NEver include ever again a level of capital corporal punishment exacting hate revenge abs barbaric behaviors by those exacting such degradation for reform and rehabilitation...under a guise illusion of said services for profit given way to human rights violations and atrocities against humanity across the planet claiming a moral beacon for a world we are helping speed its demise with our complicity stepping over atrocities for award shows and the new iPhone not holding any conglomerates empires employers mastas jailers to any level of criminal culpability or future responsibility via willing participation of ongoing willful ignorance...

As part of such creation of legal agencies to police investigate and prosecute officers brutality corruption not also parts of those agencies and departments of government needing the oversight obvious conflicts of interest integrity and illegal in basis conception and ongoing allowances to exist given all reported corruption in every state multiple crimes against humanity children families for profit it's high time the federal court fbi and all complicit parties give way for corporate corruption to be cleaned up and the American citizens asylum seekers and world citizens can be safe from war on our lives futures and freedoms to enslavement enterprise America complete with a puppet show as we are fucked royally by criminals claiming moral superiority via ditties ideologies and rhetoric of rules of law protection and procedures when those have all been long gone now to enlist classist dictators and criminals selling us justice and dignity in communities otherwise pissoff not our type of person we will willingly violate your rights break laws cause who's going to stop us is being reinstated via accountability and a technical advancement in platforms utilization created by innovative forward thinking people needing such transparency to raise their children in a supposedly free country where we would never again be turned into property for corporate consumption and purchase .... Shayling Kenworthy and I created what we needed to just be us and live freely gathering evidence demanding our creative innovations body cameras jail cameras legalization of marijuana for quality of life our children and an end to false illegal incarceration's of practitioners of ethnicity and color indigenous backgrounds and attacks against humanity world wide via illegal detentions detainments for medication for profit off discrimination in medical best interests and quality of life especially surrounding certain ailments and diseases Shayling Kenworthy needed and utilized medical marijuana and fought her entire life to have a quality of life she was blatantly discriminatorily denied in life what is rapidly catching up as results of lives taken in fights for human rights civility and decency in medical equality

Shaying Kenworthy needed and utilized medical marijuana and fought her entire life to have a quality of life she was blatantly discriminatorily denied in life what is rapidly catching up as results of lives taken in fights for human rights civility and decency in medical equality

For all ongoing willing participants of war crimes against humanity children and families for profit violations of humanity Geneva conventions countless treaties rules of engagement asylum discrimination destabilization of planetary resources as climate change begins its progressive world shifts giving way to a new depth of deprivation or an unprecedented level of compassion and humanity for special protection preservation and survival not of the wealthiest but of all of us collectively taken accountability for our planets and families future survival and sustainable growth development and evolution those companies families lobbyists politicians judges cops America president regime illegally detaining families for profit violations of every meaning of freedom and our constitutional human world equal rights free of atrocities tyranny genocide and every degrading act of war treating anyone or a child like an animal turned into custodial property for a corporate enterprises personal gain unhindered by even laws of decency human rights or oversight to haphazardly kill rape dehumanizing an entire "species" culture is beyond unimaginable it's being allowed so freely as if no one had a spine voice or could speak up do their actual jobs without their hands held ... With concerns like Toni Yates not being allowed to air crimes recorded of Robert Martin threatening our lives in retaliation as stated submitted to her which Zach Holzberg should have fully outed yet set put precedent on protection of guilty parties and keeping David Blaine's image character references and help out of the equation then and ongoing to the extent of allowing Toni Yates producers who Zach Holzberg Shaying Kenworthy and I informed you just so happen to children of board members and stock holders of Habc please help my wife children and family end this retaliation and bring my family solice and safety it's continuing actions and suppression from abc should be duly noted on court record along with my intent desire to have named them from beginning but going in pro S.E. I felt taking on billion upon billions wouldn't be best move although truth is truth ... Zach Holzberg Demic Smith your both snake ☹️ scumbags who deserve hell and your jail cells for your illegal criminal activity and misrepresentation of my family allowing all actions I'll fully illustrate at trial as I must since integrity and lawyer are not yet synonymous

Should congress Senate the house judicial fbi Mueller want a direct path to fully subpoenaing Donald Trumps cell phones emails all and any communications for the past 10 years is via his mutual friend and an extremely prevalent question amongst thousands that can and will be asked like at what point in his life did he invest fully in hospitals detainment detention children detention centers and private children services and housing making so many racketeering charges and possibilities come to actual fruition of proof beyond reasonable doubts Another viable question is at what point did David Blaine or any mutual friend Alert you of Shaying Kenworthy her work against the exact cohorts your committing war crimes and atrocities utilizing our highest Office for your illegal bidding for profit violations of all constitutional rights decrees abd purposes aimed targeted at exactly Shaying's race ethnicity cultures claiming them animals cops like Robert Martin is justified in trapping in war time cages of hate for control profit and silence or again Mr Trump Animals like my children Shaying's rapist kind belong beneath us while you get billions for atrocities that I day being stolen one person can pay for a room in your highnesses trump hotels if you had any bone ounce of humanity daddy missed that lesson and house a whole family room service meals and guards all off one ☹️ family members 500 tax stolen war crimes for the secret service and Ukraine to help steal the office next well we ignore Kushiagi free press chopped up Trump puts war crimes on the back saying our intelligence officers are wrong

Both Phil Linfante and David Blaine being informed what was transpiring at the state housing authority job I protested and told Phil Shayling David Blaine I do not want but will for my children to later in February tell David assaults and the same owners stock holders or this company for profit are also share holders in the private jail that falsely incarcerated me and I'm actually wearing the same mother fucking material Uniforms on my body witnessed and participated in conversation Samantha brown as well as Siabella and Shayling now murdered surrounding crimes atrocities threats and assaults against our entire family and again both Phil Linfante and David Blaine fully informed his office visited which both Siabella and Mikailin Kenworthy again will attest to as well as recorded conversations that day and text trails saying David we are in danger our lives it's never been this serious ever before help us

David's response was you can't take on the system this the same man in 2011 b4 Rikers island Told me not to report to my illegal probation stemming from Bergen county jail and sheriffs false illegal charges against me and my family while Mikailin was born also known by Phil Linfante who had countless conversations sessions about David Blaine's awareness involvement when If hell ever do anything help expose etc technology Shayling abd I created and we also in Great lengths and depths my families lying illegally committing a felony to take kidnap control our voices family or children harming them irreplaceable with the stated illegal help and how Shayling myself and the children since she has already done this 2 going into a 3rd time to our children and Shayling you know a halfbreed monkey who can't run a parade let alone country who isn't fit in Sharon Dywers to raise her children cultural themselves loud spics who work their asses off not sell drugs and rape people that would actually be the orange baboon building walls they cheered on while calling Shayling a spic who couldn't feed her children 3 weeks after her murder by friends of the Dywers they both grew up with ...

Phil Linfante knowing the detrimental damages this is having for protection of dirty police officers and Dopp who had threatened him countless times surrounding my family case and illegal reassertion of a judicial decree of freedom with my family and custodial rights not being allowed by a controlled corporation for profit with liabilities against our children Shayling entire family

I ask given all professionals medical and legal wishing this to finally end for our family a little to late given Shaylings murder but time it's with these factors and professional I politely respectfully demand and request humble that my children family professionals be heard in open federal court on the record and bring this to a civil rights causation wherein they are actually respected and restored no longer allowing a corporate entity making profit from this to hold my family children illegally for gain image profit protection and ongoing harm cruel unusual and irreparable...

It also must fully be stated and like requested before the Andersons investigated by Dcpp and possibly a higher federal court appointed investigator ordered surrounding the unfit conditions they allowed both their family and our family to live in and the ongoing willful violations of law pushing sociopathic showing their children to get away with horrible crimes causing this to a mother friend of their fathers and given the

obvious corruption of Depp in this our families equation and definitely current circumstances defendants being protected by their actions removal and ongoing witness tampering not working on genuine resolution as that will implicate their Depps full actions both then allowing Shayling and our family to remain in this situation Reported to them by our entire family evidence pictures including Siabella Mikailin Shayling and I all informed them of the utilization of a gun in Roberts threats and tirade illegally keeping our family in unfit conditions under threats stress and duress of exactly the removal being exacted upon my family now again for their protection

No more high fives between them + Bryan Dratch of ABC protecting an evidence ~~he will be~~ subpoenaed, David Blaine who is recorded asking if Shayling was murdered + poisoned who is aware of Robert Martin's threats + in Toni Yates' hands.

Motion regarding case number 2:18-cv-12822

Motion to be heard both on record for again a status conference + for oral arguments surrounding the perjurious motions to dismiss by the arrogant criminal lawyers who most likely by the end of this will be implicated in my children's illegal detainment. Should these motions, extremely fraudulent + frivolous, not be set aside + vacated.

Det. Pizzutti: With what?

Lee: Has the health department been out?

Det. Pizzutti: Let me ask you a question, how many times did you call me today?

Lee: A bunch, bro, a bunch. I'm-

Det. Pizzutti: Okay. All right. You understand that I'm working on other jobs here?

Lee: I do understand that.

Det. Pizzutti: Okay.

Lee: I was waiting on a call back from you. I apologize.

Det. Pizzutti: Okay.

Lee: I've been waiting for a month for you guys to listen to that audiotape, so I-

Det. Pizzutti: The audiotape is illegal. You understand that, right?

Lee: How is it illegal?

Det. Pizzutti: Did he know you were audio taping him?

Lee: Only one person in New Jersey.

Det. Pizzutti: Right.

Lee: That's the law. As long as one person in New Jersey knows that they're recording, it's legal. It's not illegal. You're telling me that that audiotape is illegal now?

Det. Pizzutti: Listen, I'm not going to get into a conversation with you, all right? You're still grieving the loss of your wife, right? Okay, you called me 8,000 times today. Okay? Medical examiner's office is handling the autopsy.

Lee: You got to-

Det. Pizzutti: Do you understand that?

Lee: Yes, I do, 100%.

Det. Pizzutti: Okay.

Lee: You got to understand where I'm coming from, bro.

Det. Pizzutti: I understand where you're coming from, but you just lost your wife, but yet you're calling me about the health department, okay?

Lee: I want to know what happened, man.

Det. Pizzutti: We're on two opposite ends of the spectrum.

Lee: I want to know what happened.

Det. Pizzutti: Then the autopsy will tell you what happened.

Lee: All he's telling me right now with the autopsy is that there was mucous in her lungs.

Det. Pizzutti: Okay, I don't know what that means. I'm not a medical doctor, okay?

Lee: It means that she had asthma and he's sending everything out to a lab, so the death certificate says "pending lab results."

Det. Pizzutti: Right, okay.

Lee: Dude, this should not have happened, man. If you guys had ... you could've helped us, bro. You could've fucking helped us. I should have my wife right now. That's where I am, bro.

**Subject:** RE: 127 Walton St. Englewood - Cheryl Rose Settlement Offer

Dear Mr. Rotolo,

My offer ultimately remains the same I wish to purchase 127 Walton St. from Cheryl Rose for my family including my disabled in-laws, but especially & most importantly for my children, for her offered price of \$150,000.

If her price is or has changed I would definitely love an explanation and what is desired so we can fully move this process along and finally put something onto paper and get us a fully functional bathroom and shower in the dwelling as we have been trying to get actual contracts on anything from lease to purchase to the work required requested by Cheryl Rose and finally end the games, attacks, discrimination, and fraud she is recorded doing and we ask please put contracts in place to end this absolutely disgusting degrading treatment Cheryl feels justified in.

I ask that Cheryl Rose take this situation as seriously as it should have been treated a year ago when it began & continued escalating. Cheryl was asked directly multiple times personally and through her lawyer Adam Tuttle who tried for months to end the attacks, defamation, slander, theft, & destruction of property while having an absolutely unwilling client that left and allowed us to be robbed, her property vandalized, plumbing broken, walls & floors urinated on by both human and animals, property of ours stolen and sold and most importantly, my deceased murdered wife and children's belongings gone through, robbed, and treated as trash like instructed by Cheryl Rose and Heather Christensen as recorded & stated by Albert Taylor and Danisha Barrett.

Now like Samantha and I have been asking on behalf of my wife's estate, my children, and I that proper criminal charges be filed against the guilty parties involved in orchestrating this attack at Cheryl's property utilizing the home, a place we should feel safe, as a weapon against us were we are the only paying parties without any legal lease or protection in place other than our checks being cashed which Heather tried to have us give her the money, while breaking plumbing leaving us since March without a functioning shower and bathroom.

Cheryl stated she will sell the house and what Heather did she was not involved in it's again at this stage that if Cheryl was not involved the same we asked of Adam for 3/4s of a year please put contracts and legal protections in place ...

If we are buying the house put that into writing I'll start fixing my children's house knowing Heather Christensen is no longer being allowed by Cheryl to attack my family, both financially and our future with lies, slander, defamation, stalking, harassment and Cheryl is putting priorities on the father who paid and was left in this attack without plumbing and wanting to as she so kindly offered to purchase her house from her so I ask again, for the offer in writing which we can then begin moving forward on and finally ending what Heather and multiple parties are doing to my family, children, & Shayling's name, legacy, and estate which Cheryl must help us end regardless as she also is recorded stating she would ...

It's with all these factors, truths, & now perjury by Cheryl Rose, that we ask of Cheryl please finally end this. As of Monday morning we expect a decision as we are going to begin full criminal charges on all parties from Heather Christensen, Cali, Jared, and Peter: Heather with theft by deception, harassment, cyber harassment, terroristic threats, and assault on Samantha. Cali with terroristic threats, harassment, cyber harassment, and stalking. Peter with destruction of property, theft for the plumbing & shower deliberately done before leaving without paying 800 owed for rent. Jared with destruction of property, urinating on the walls and floors - upstairs in the attic, and theft of 1000 not paid while pissing all over the house to treat the paying party how Heather Christensen and again I would hope not Cheryl Rose as she should and could be involved in the prosecution and federal complaint against these parties unless she was again a willing participant who took my money fraudulently knowing and never intending on giving my family a lease as she already prejudiced her actions as to her intent of lying about a sale of her home, a future here for my family with a great investment, to gaslight and deceive me into spending money to rob me with all guilty parties each recorded in their crimes, threats, and excuses, threats of why they will not pay money owed deliberately fuck you we will call the police and lie speak to Heather and Cheryl they will tell you why we aren't paying and then Cheryl not sending a letter stating what's owed thru her attorney since she didn't do as we

testimony about crimes committed

Interviewer:

And we're going to continue a little bit on from where we were last time, when I interviewed your dad and yourself, because I've had some questions. The first question I had was, on July 1 2016, do you recall the time when the retired Deputy Chief of Police, Robert Martin, and I think you guys know him as...?

Sia:

Bobby.

by Robert Martin + conspirators

Interviewer:

Bobby. So you know him. He also, at the time, was the home owner and your landlord in a duplex house, meaning top and bottom, and you guys live on the bottom floor.

Sia:

Yes.

Lyndhurst Police officers wholied on

Interviewer:

So, he comes in and he's threatening your dad, according to your dad, with his gun.

Sia:

He's actually threatening him outside of the front door.

Reports to threaten her + her family.

Interviewer:

Okay, he's outside of the front door. So, did you see his gun at that point, or...?

Sia:

Yes.

EXactly as Robert Martin is recorded

Interviewer:

You did?

Interviewer:

So, now, where are you and your brother and your mom at this point?

Sia:

My mom was in her room but she kept coming out to the living room to keep taking us away because she didn't want us to see him threatening my dad.

Interviewer:

Okay. So, this man is now... he's a retired Deputy Chief of Police.

Sia:

Yes.

the private corporate entity, DOPP/DYTS

Interviewer:

And he's threatening your dad, as the home owner, with his gun...

Sia:

Yeah.

Sia: I don't know what a residential...

Interviewer: What that means? Just a neighborhood where there's no businesses or stores around; more houses and...

Sia: Oh, yeah.

Interviewer: Is it a fairly quiet neighborhood, or...?

Sia: Yeah.

Interviewer: Are guns something that is normal in your neighborhood?

Sia: No.

Interviewer: Okay. So, here's this man threatening your dad with a gun. Did you hear anything else? Did you hear yelling or...?

Sia: Not too much because I can't really hear through the windows.

Interviewer: And your mom's trying to protect you from this.

Sia: Yeah.

Interviewer: How was that making you feel?

Sia: Really afraid. I didn't know if he was going to use his gun at all, and I didn't want anything to happen to my dad.

Interviewer: Yeah, of course not. Now, this is something that, sadly, at this time you're nine, right?

Sia: Yes.

Interviewer: When this is occurring? So, you guys are kind of used to stuff like this due to your mom and dad being whistle blowers.

Sia: Yeah.

Interviewer: But still it's not comfortable for a nine year old kid, right? It wouldn't be comfortable for me, so I can't imagine your dad and your mom. So, now we go a couple of days later. Seven days later, here on July 8th.

Sia: Mm-hmm (affirmative).

Interviewer: And it looks like it was around 10:00 o'clock in the morning. Were you awake, do you remember, this day with the banging?

Sia: Yes.

Interviewer: You do.

Sia: I was awake, but the woman upstairs; she was the one that got me out of bed.

Interviewer: Because she's banging now.

Sia: Yeah.

Interviewer: She's banging on your front door or banging on the wall?

Sia: She's banging on the front... well, yeah, the front door.

Interviewer: Okay.

Sia: And she's like, "I'm on the phone with the cops."

Interviewer: Okay, so she's... and she's banging and you hear this.

Sia: Mm-hmm (affirmative).

Interviewer: And you were just, what, sitting in your room or something?

Sia: Yeah, I was sitting in my and my brother's room, watching TV.

Interviewer: Okay, so did you come out when you heard this banging?

Sia: Yes.

Interviewer: And what was her beef? What was her deal? Why was she slamming on your door... banging on your door like this?

Sia: I don't know.

Interviewer: Is she friendly with the retired Deputy Chief of Police, Bobby?

Sia: Yeah.

Interviewer: She's friendly with him? So, she shows up at your house, she's banging at 10:00 o'clock in the morning. You're startled.

Sia: Yeah.

This transcript was exported on Sep 27, 2019 - view latest version [here](#).

Interviewer: And where's your little brother at this point?

Sia: My little brother's asleep.

Interviewer: He's sleeping.

Sia: Yeah.

Interviewer: Excuse me. And then... do you know why she's there? Do you have any idea, or what she's doing?

Sia: No.

Interviewer: Because it says something about the police shows up now?

Sia: Yes, like a few minutes later, the police shows up.

Interviewer: Okay.

Sia: And they think that my mom and dad are fighting, and me and my mom kept telling them, "No, they weren't fighting."

Interviewer: Okay, so your mom is where now, at this point when the police come? She goes out?

Sia: Yes.

Interviewer: And your dad comes out, or...?

Sia: Yeah.

Interviewer: They're all in their rooms, or been in their rooms; they come out, except your brother.

Sia: Yeah, there's a hallway and we were all in the hallway, and we kept telling them that nothing was going on.

Interviewer: Nobody was fighting.

Sia: Yeah. And then the-

Interviewer: Did they leave because the whole family's saying nobody's fighting?

Sia: No.

This transcript was exported on Sep 27, 2019 - view latest version [here](#).

Interviewer: Was there some yelling and screaming going on, that she would call the police and bang on the door.

Sia: No.

Interviewer: No?

Sia: No, nothing.

Interviewer: You wouldn't know; you were in the house?

Sia: Yeah.

Interviewer: 10:00 o'clock in the morning; it wasn't 6:00 AM. No yelling, no screaming.

Sia: No.

Interviewer: They come, the police show up. So they must've left, right?

Sia: No.

Interviewer: No, they didn't leave? What did they do?

Sia: They arrested my dad.

Interviewer: For what?

Sia: They...

Interviewer: Was your mother beaten up?

Sia: No.

Interviewer: Was there marks on her?

Sia: No.

Interviewer: Was she crying?

Sia: No.

Interviewer: Were you crying?

Sia: No.

Interviewer: So they arrested your dad and took him off?

This transcript was exported on Sep 27, 2019 - view latest version [here](#).

Sia: Yeah.

Interviewer: I'm floored. And how did that make you feel, as a nine year old kid?

Sia: I was worried if my dad wasn't going to come back, but like an hour later my mom got him out.

Interviewer: She did get him out.

Sia: Mm-hmm (affirmative).

Interviewer: And again, it's just unbelievable. Wow. So, is there anything else that maybe you need to tell the viewing audience? You've been through so much.

Sia: There was this one time when in Belleville.

Interviewer: In Belleville?

Sia: Yeah, Belleville. In a public school. I was taken out of the class and I was playing in this smaller room. There was a table, then there was a woman in front of me and a woman in the back of me, and they were both division workers.

Interviewer: Division workers?

Sia: Mm-hmm (affirmative).

Interviewer: Okay. So, they brought you out of class. This is public school?

Sia: They didn't take me out of class. The teacher got a call from the principal. He told me to come downstairs.

Interviewer: Wow, so you must've had an attorney present because you're not legally allowed to have anybody come talk to you without an attorney present?

Sia: No.

Interviewer: No? And you were nine years old.

Sia: Yes.

Interviewer: Do you remember approximately when that was, or...?

Sia: I don't exactly know what day it was, but what happened was they kept asking me, "To the best of your ability, where were you at the time," and...

Interviewer: The time of...?

This transcript was exported on Sep 27, 2019 - view latest version [here](#).

Sia: The time of after my mom died.

Interviewer: Okay, so the time of your mother's death at school.

Sia: No.

Interviewer: No, after your mother's death.

Sia: And they kept asking me, like, where we are, where we were living, and what we were going to do, and I didn't tell them anything.

Interviewer: And you didn't tell them anything because you're used to being constantly nagged?

Sia: Yeah, and it was scary.

Interviewer: And it was scary for you?

Sia: Mm-hmm (affirmative).

Interviewer: I can't imagine being nine years old, being taken out of class, and being sent to a room with two... Did you ever meet these people before?

Sia: No.

Interviewer: Two complete strangers. Were they women or men?

Sia: Women.

Interviewer: Two women.

Sia: Mm-hmm (affirmative).

Interviewer: Did you feel comfortable with them?

Sia: No.

Interviewer: Did you feel...? How did you feel?

Sia: Afraid and I felt uncomfortable. It was a small room, so...

Interviewer: Even more confining.

Sia: Yeah.

Interviewer: And this is after your mom's death?

This transcript was exported on Sep 27, 2019 - view latest version [here](#).

Sia: Mm-hmm (affirmative).

Interviewer: So you're already dealing with all of this, and you're grieving.

Sia: Mm-hmm (affirmative).

Interviewer: And now you've got these two strangers taking you out of class, which the school should be really held responsible for allowing you to go into a room with two strangers; I don't care who they are, without an attorney present, because it's your legal right. Are you aware of that?

Sia: Yeah.

Interviewer: I figured with all that your parents have taught you. Now you're here and you're in this confined little small setting with two strangers questioning you. Where were they standing? Were they in front of you? Did they bow down to your level?

Sia: They were in the front and the back.

Interviewer: One was behind you?

Sia: Yes. There was one sitting down by the table right there, and one behind me, and then-

Interviewer: Behind you?

Sia: ...I was sitting right there.

Interviewer: Was that person behind you sitting or standing?

Sia: Standing.

Interviewer: Wow. Yeah, that's a little intimidating.

Sia: And...

Interviewer: So, you couldn't make eye contact with the one that was behind you?

Sia: No.

Interviewer: They're standing behind you?

Sia: Mm-hmm (affirmative). And in Catholic school what they would do is, the principal would go in with... in the room with you while a division worker come,

This transcript was exported on Sep 27, 2019 - view latest version [here](#).

but in public school you would just go in there with two strangers, or one, how many.

Interviewer: Yeah, that's... I would not allow it. So, none of your teachers, no familiar faces in this room that you're in?

Sia: No.

Interviewer: And of course now you're very scared and you're not knowing what's about to happen. How long did this interrogation process take?

Sia: I'd say about 15, 20 minutes.

Interviewer: That's a pretty long time.

Sia: Mm-hmm (affirmative).

Interviewer: In two seconds, I think, I would not be very happy as a parent to know this. So, I know that... and I'm very sorry for the death of your mom.

Sia: Mm-hmm (affirmative).

Interviewer: And all that you guys have been through as kids. It's nothing that any child should ever go through for one second. But you... when your mom passed away, it was actually August 17.

Sia: Mm-hmm (affirmative).

Interviewer: 17.

Sia: Mm-hmm (affirmative).

Interviewer: The year 17, right?

Sia: No, the year 16.

Interviewer: 16. Okay, I'm sorry.

Sia: Mm-hmm (affirmative).

Interviewer: So, we've got July 1 '16, you've got this threatening home owner, landlord, Deputy Chief of Police who's retired, with his gun, threatening your dad.

Sia: Yeah.

This transcript was exported on Sep 27, 2019 - view latest version [here](#).

Interviewer: Okay. Then you've got, on July 8 '16, you've got the police pounding at your... you've got this mother, or woman upstairs, pounding on your door.

Sia: Mm-hmm (affirmative).

Interviewer: And making up false allegations, and the police coming in New Jersey and actually arresting your dad. And then, a month later, actually less that two month's later; August 17th, you have your mom... the situation with your mom.

Sia: Mm-hmm (affirmative).

Interviewer: Were you there during this?

Sia: No.

Interviewer: You were not there, thank God.

Sia: Mm-hmm (affirmative).

Interviewer: But then got the news.

Sia: Yeah.

Interviewer: And I don't know if you want to share a little bit about that, or...?

Sia: Yeah.

Interviewer: You do?

Sia: That night, I was up for a little bit because I was worried if they were going to come back or not, and what happened was, like, around... I'd say about 2:00ish, becoming 3:00 in the morning, I heard my grandma and grandpa, like, in the room right beside and I was in this room. And what happened was I heard on the phone that she couldn't breathe.

Interviewer: That who couldn't breathe? Your mom?

Sia: My mom, yeah. I didn't know if she was dead or not, then, but I was awake till 6:00 AM because I was worried, and I slept for, like, two hours and woke up at 8:00. And it was about an hour later, they came back, and I kept asking them where mommy was, and... Well, after I saw she wasn't there I kind of knew that she was dead.

Interviewer: So, your parents had you staying at your grandma's house?

Sia: Yeah.

This transcript was exported on Sep 27, 2019 - view latest version [here](#).

Interviewer: When this happened. And do you recall any threats against your mom, or any...? I guess the way to ask this, because I requested you to come back to do more of this interview because there are so many parts to this interview.

Sia: Mm-hmm (affirmative).

Interviewer: There's so much to this story, actually, is what I'm saying.

Sia: Mm-hmm (affirmative).

Interviewer: That a lot of question, I think, in any thinking, logical mind... keep sitting here thinking about wanting to ask you more about what you've been through as a kid, what your little brother has been through, and then this death of your mom with all these threats, was there anything that... and I know you're-

Interviewer: Your mom's life could've been saved and wasn't handled properly. I mean, I know you weren't actually technically there but just from what you witnessed as a kid, as a child, and the way it made you feel with all the negligence and with all the threats; do you feel like anything could've been done to save your mom?

Sia: Yes, I do. I asked my dad that question once, and he said it was either him that was going to die that night, or her.

Interviewer: So, that's... there's reason he says that, though?

Sia: Mm-hmm (affirmative).

Interviewer: Because of the threats that your family had been put under for so long.

Sia: Mm-hmm (affirmative).

Interviewer: So, talking about your mom, though, since this whole process, you guys have had to move?

Sia: Mm-hmm (affirmative).

Interviewer: This actually happened at the same home with this landlord, right?

Sia: Yes.

Interviewer: And, yeah, I pretty much think you answered that question. I think that's up to the discretion of the viewers. We'll kind of leave it at that. But where does this leave you, as a child, right now, with this whole process of...?

Sia: Well, life feels different now because I feel... I think about my future, like, what it's going to be like without her. How my dad's going to have to spend his life

This transcript was exported on Sep 27, 2019 - view latest version [here](#).

alone when I get married and I leave, and he's just going to be alone by himself. I think he doesn't have someone there to be there with him.

Interviewer: What about you? What about how you could...?

Sia: Maybe, like...

Interviewer: What about your mom?

Sia: Like, all the time I spent with her, I don't get to spend with her any more.

Interviewer: Can we get some tissues for her?

Interviewer: [inaudible 00:14:02]. So, you have been, not just enduring all this abuse because of the work that your parents do, but now you've had to deal with the death of your mom. Thank you. The death of your mom. Have you had a chance to properly grieve, do you think, the death of your mom? Do you know what that means, actually?

Sia: Yes.

Interviewer: Have you had that opportunity or have you guys just been having to deal with this constant abuse from New Jersey officials?

Sia: Yeah, it's [crosstalk 00:14:30] because of the abuse.

Interviewer: Yeah. And now you're only 10, right?

Sia: Turning 11 this year.

Interviewer: What?

Sia: Turning 11 this year.

Interviewer: Turning 11. When is your birthday?

Sia: April 20th.

Interviewer: April. So, now I know we just passed Christmas and I know that was very difficult for you, too. I have no words other than I try to get these stories out for people to understand that this is happening to real people, and that people who are supposed to be in positions of power and authority, that are public servants... do you understand what that is?

Sia: Yeah.

This transcript was exported on Sep 27, 2019 - view latest version [here](#).

Interviewer: Are not supposed to abuse families. I want to give you a hug, though. I can tell you that you've been through way too much at 10 years old. How is your brother holding up? How is he? How's...?

Sia: He's kind of... It's hard for him because he has a different relationship with her than I have.

Interviewer: Than you, yeah. Your mom and you would pretty much spend all the time together and...?

Sia: Mm-hmm (affirmative).

Interviewer: So, he's over here, but how old is your brother now?

Sia: He's seven.

Interviewer: He's seven, so this happened to him when he was five, right?

Sia: No, six.

Interviewer: So, he's going on eight?

Sia: Yes.

Interviewer: Excuse me. I don't know if there's anything else you want to share at this point, or...? We just want to make these stories very clear to the world, to know especially how this affects the lives of children, and it's affecting the lives of kids all over the place.

Sia: No, I don't have anything to add.

Interviewer: Okay. I want to thank you again for your story today. I appreciate you talking about this and I know it's not... I know it's a tough subject, and I know it's not easy for you to talk about, but I thank you very much.
