4:02 PM i know at times i talk too much but i always want to say more to u to express my emotions and shower you with love i get know how that does not give you the time to express your emotions and enjoy spending time at home im going to learn how to be a homebody rather than always being on the road

5:11 PM **me:** we've had lots of chances Lee. You had a chance on Friday to do the right thing & get the car out. Right now at least you would have d the car. You have done what with all the chances? Stop talking to me as if I'm the one stilltaking steps that are causing our family more hardships. Just focus on what you need to focus on. Talk to me when at least one thing that you have promised has been accomplished. I'm not helping you by talking to you now. It makes it as if everything is ok. Call me whatever you want but I make life too easy for you sometimes. I regret that and so much more. Just grow up, take care of yourself and stand b your word. I have a soul too, and a heart and a mind , and dreams and goals and wants and needs and fears and wishes...

5:36 PM **Lee:** you all sent me over to ny how many days last week on empty to be my families ping pong ball when you knew i did not have enough money and all of your judgements are not welcom because last week i went international but no wants to hear the truth
5:38 PM **me:** OnThursday you decided to hng out in NY, so stop trying to lie to me. You enjoyd being out spending money that wasn't yours. You specifically demanded no one bothered you and thn happily accept more money to resolve an issue you never intended on resolving. Excuses, excuses are the only things you have. Hold on to them for dar life lee, it's obvius you got nothing from thearticles you supposedly read.
5:40 PM **Lee:** how many times do you need to be told my dear stop calling bullshit on convo's you will never be preve to until you learn how to get rid of your nervous ticks
me: It mak my stomach that I can't seak with my best friend sick that the man I love tortured me for over 7 hours with no end in sight. Sick that he used my love for him to coward me into submission for his own disgusting pleasures and now you have the audacity to come up with excuses. My husband and best friend no longer exists. I get that now. Do whatever you want and please let me be.
5:42 PM **Lee:** you want a better future with all the riches in the world how do expect me to do that wearing painters pants get rid of our parents cunudrum
5:43 PM **me:** I hope all the statements you make are true for your own sake. Oe thing I do know anyone wih that level of security never ever is allowed to speak of it. And, you have ranted on and on about it for 2 yrs. If you are who you say you are your action, talking, causing scenes, your jacket etc.... you are making yourself a liability stop it. Just do what you said you want and need to do and everything ese will fall into place.
5:44 PM **Lee:** stop calling liar liar and come out to met the man you married

5:46 PM **me:** let him show himself, and stop pretending to be him. Use his memories to persuade me. But you are not him. Maybe that's the biggest lie that you came to believe because the man I loved is not you.
