Most of the other attorneys objections were sustained against yours?

No my attorneys objected and their objections were sustained. Many things were stricken as well because my mom was getting agitated and argumentative

We have no mechanism within the group rules for simply booting someone we disagree with, and I wouldn't want to change that. I agree that Robert crosses what I would consider normal lines of behaviour though. His work on the legal history of Hovind is very good, and has value, but some of the stuff I'm seeing here is just deluded, especially digging into the family of his supporters and inserting himself into their problems. That's just mad.

My HOPE here is that Robert hits the brakes and thinks for a moment.

I'm also hoping the creationists who are reading this pay attention.... [See More](#)

I know you can sue your parents for IWLCC

But to sue Baty you'd have to print out every word that he has published on you and have an Alabama Civil Attorney read it all to see if tort has occurred.

Ok
Flip the scenario
If you were to blog post that your moms church was not a true Christian church, but an heretical teaching club, and then some idiot read your stuff and went there and shot the place up, you shouldn't be held responsible for your written opinion, even if it's wrong

It's actually the main way that your subconscious deals with past mental trauma.

Those neural threads had actually been experienced and synaptically connected up over a year ago in real life.

Even as late, I will still have a dream that I am somehow back at Beth's and wanting acceptance without condemnation but it returns after a short while.

Other times the brain can send you on a nightmare "trauma release" by seeing something that has never been done before, like driving a fast car over a cliff precipice into a ravine (seemed very real at the time).

It's the sign of a healthy brain

I was messing around in the creek with my gold sluice and I heard Mackenzie giggling. Looked around and there was a dog playing with her. I asked Mackenzie where the dog came from and she said she came out of the bushes. I had seen her before on the property but she was terrified to come near when I called her. She was and still is skinny as a rail so nobody had been taking care of her.

iMessage Message sent 8/27/2019 8:07:11 PM - Delivered

Mackenzie asked if we could keep her and I said yes. Kent approved, so I waited a couple days before I took her to the vet to get checked out. Aside from some intestinal worms, she got a clean bill of health and I had them give her immunizations today

My one 9mm that has been "missing" for 5 years was found by baeleigh stored somewhere at the house.

They're giving it back to me this weekend

Good news.

I'm glad I didn't report it as "stolen" to the state and Feds

iMessage Message sent 9/24/2019 2:15:40 PM - Delivered

Good thing it was found! Or are you implying that it was being held knowingly?

iMessage Message received from Brady Byrum 9/24/2019 2:18:51 PM

BB

I seriously thought that she might have sold it without my permission and reporting it as stolen would have likely created a felony charge on her And I wasn't willing to do that

The other option was if a local punk gang of thugs might have burglarized beth when she wasn't home but without proof that Beth didn't sell it I chose not to presume a burglary without more info

iMessage Message sent 9/24/2019 2:20:35 PM - Delivered

Personally, I don't think the feds have any business knowing what firearms we do or don't have

iMessage Message received from Brady Byrum 9/24/2019 2:22:38 PM

Agreed
But there is a requirement to notify them if one gets stolen
Cause if you don't
And you bought it from a dealer

There could be a charge for failure to notify them
It wouldn't have stopped the murder though

I'm getting aggravated about the deer situation. The guy that wants to rehab it is an idiot from Boston. He knows nothing about wildlife. He seems to think that animals are equal to humans and said I should be put down. I have compassion for animals too, but clearly this fawn is suffering. The compassionate thing to do would be to put it down. It's cruel to keep it alive in its condition.

Fawns require very specific nutrition, a dedicated and appropriate environment and must be rehabilitated with a group in order to be able to survive. Feeding a fawn, injured or healthy, can cause it to go into shock and kill it, or result in nutritional deficiencies that will eventually cause it to become ill and die. Attempting to raise or care for a single fawn greatly decreases its chances for rehabilitation and release and can turn even the most well-intentioned act can have terrible consequences for the fawn. Please call our Helpline immediately if you have picked up or found a fawn, or know of anyone that has. Every year, healthy fawns end up being euthanized or die because they were not transferred to a rehabilitator. It is most important to remember two things if you have found a fawn - one, it is against the law to possess wildlife without a permit and two, for the sake of the fawn, the best thing you can do for it is to ensure its proper care by contacting a rehabilitator.

9/25/2019

iMessage Message received from Brady Byrum 9/25/2019 1:24:46 PM

BB

Are you taking Mackenzie with you tomorrow?

iMessage Message sent 9/25/2019 1:28:06 PM - Delivered

Yes. I already have a trustworthy person to watch her

iMessage Message received from Brady Byrum 9/25/2019 1:30:45 PM

BB

Awesome! So she'll get to be on the round trip with you.
I think that's good after having a one year loss of your access

iMessage Message sent 9/25/2019 8:23:04 PM - Delivered

Never heard back from the attorney

iMessage Message received from Brady Byrum 9/25/2019 8:24:30 PM

BB

I'd take her and leave instructions to have her on standby
But not budge without court ORDER for her to be there only with you the
whole time
Never escorted away with anyone anywhere

iMessage Message sent 9/25/2019 8:24:59 PM - Delivered

I don't want her anywhere near that courthouse

iMessage Message sent 9/25/2019 8:36:54 PM - Delivered

The GAL has no authority in this case because Mackenzie is not a party to
the case. Am I right?

I don't take ORDERS from GALs

Agreed. He can suck sand for all I care

iMessage Message sent 9/25/2019 8:39:24 PM - Delivered

As far as I understand, the GAL isn't a party to the case either. He can't
possibly be if there's no child to represent

iMessage Message received from Brady Byrum 9/25/2019 8:40:10 PM

BB

And I would argue that and stand on the words of the ORDER not the
petition

Agreed.

I think my attorney knows this and is probably why he hasn't tried to contact me again. He is sharp. My last words to his secretary was that I wouldn't be bringing her. I doubt she knows the ins and outs and was probably blindsided by the GAL and didn't understand that he has no part in this case

The Bible teaches that if two believers have a dispute for 1. the party offended must go to the offender and express what's wrong to give them a chance to apologize and ask forgiveness and if so the one hurt must forgive.

2. But if not, then the one offended should bring in a few others to try and work things out, and if so then forgive.

3. But if not, then you are great to take your case before the civil authorities

Has your mother ever asked forgiveness or shown a repentant heart?

Would she have given Mackenzie back at any third party's recommendation?

Or did she choose to make the civil authorities ORDER her to give Mackenzie back?

She gave you what route she wants used.

iMessage Message sent 9/28/2019 9:00:59 AM - Delivered

I'm not so sure the Bible allows Christians to sue each other at all. (1 Corinthians 6:1-7) But then again I'm not so sure they are true believers. (John 13:35) and if they are not, doesn't scripture teach how to deal with evildoers? (Romans 12:17-21)

Been weighing on me. I don't know for sure what to do. But I do know I don't want to be out of step with scripture.

The civil authorities are authorized by God to be the "corrector" of society when wrongdoers commit crimes and torts against others. Romans 13. That's what the civil courts are there for, to keep people from "taking the law into their own hands".

BB

Praying
Does this mean he may not go on the cruise?

iMessage Message sent 11/14/2019 8:08:11 PM - Delivered

It means he could die. Hopefully not, but it could be serious.

iMessage Message received from Brady Byrum 11/14/2019 8:09:37 PM

BB

All from a spider bite?

iMessage Message sent 11/14/2019 8:11:42 PM - Delivered

I don't think it was a spider bite. Looked more like poison ivy. that wouldn't have caused this. But thank God it was severe enough to get him in the hospital where they discovered the aneurysm.

iMessage Message received from Brady Byrum 11/14/2019 8:12:33 PM

BB

Wait
The skin problem led to the discovery of the unknown anurysm?????

iMessage Message received from Brady Byrum 11/14/2019 8:14:23 PM

BB

So it's an unruptured anurysm or a ruptured anurysm?

iMessage Message sent 11/14/2019 8:16:14 PM - Delivered

Yes. He went to an eye doctor yesterday and he was given antibiotics. He may have had an adverse reaction to the medication as one of the side effects was delirium. He had forgotten all of yesterday and was not feeling well at all. This afternoon he went to the ER in evergreen and after discovery of the aneurysm, was moved to sacred heart hospital in Pensacola. He may need surgery, but I don't know.

From Cindi:

Well after all that we're on our way home. Doctors said the dialation is not enough to warrant surgery. The displayed artery would have had to be accompanied by an aneurism or a division (?), and it wasn't. They sent us home and said don't take the Kephlex or eye drops anymore. Wow. Bill Sardi is gonna send doc some stuff for memory and artery plaque. Kinda Yay!, and kinda scared. But glad to be NOT seeing a "neurosurgeon". Thank Papa and you for your prayers, and Doc says don't wake us up til after 2pm.

We are almost back. Staying away while Chris is on campus

iMessage Message received from Brady Byrum 11/26/2019 6:19:08 PM

BB

Got it
Yeah, he was here for tonight's program, but he says they're leaving tomorrow
I understand how you feel

But on a good note Zaire got saved and baptized here, so we won one for the kingdom, despite his means of getting here

iMessage Message received from Brady Byrum 11/26/2019 7:06:48 PM

BB

They're still here though

iMessage Message sent 11/26/2019 7:21:30 PM - Delivered

Yeah. Noticed. I was hoping they'd be back at Mia's after bible study. I timed my trip to get back after they left but Kent kept them longer. It is what it is.

iMessage Message received from Brady Byrum 11/26/2019 7:22:09 PM

BB

They're out looking for the wallow talkie that Zaire lost

iMessage Message received from Brady Byrum 11/26/2019 7:23:03 PM

BB

I think I'll turn in early versus late

iMessage Message sent 11/26/2019 7:23:59 PM - Delivered

It's nothing personal against Chris at all. I want to make that clear. But the fact remains that he has that conviction, and IF word gets out that he is traveling with a young boy here of all places, the authorities will not care that we presume his innocence. CPS will be here and take every child they find. I'm not willing to put my family at that entirely unnecessary risk.

iMessage Message received from Brady Byrum 11/26/2019 7:24:39 PM

BB

Understood

iMessage Message sent 11/26/2019 7:25:24 PM - Delivered

I do think Kent is way off base allowing this, but this is his ministry and I respect that. I'm just not going to risk it.

iMessage Message received from Brady Byrum 11/26/2019 7:25:28 PM

BB

It's smart to err on the side of caution

iMessage Message received from Brady Byrum 11/26/2019 7:25:36 PM

Yep

iMessage Message received from Brady Byrum 11/26/2019 7:26:09 PM

BB

Hmmm
Ok

iMessage Message sent 11/26/2019 7:32:13 PM - Delivered

Not sure yet what we'll do tomorrow, but my goal is to minimize my time here while he is on the property. Again, nothing personal. It's just not worth the risk to me.

iMessage Message received from Brady Byrum 11/26/2019 7:32:36 PM

BB

Yep

iMessage Message received from Brady Byrum 11/26/2019 7:34:06 PM

BB

I hope he goes soon.
And stays away
And if he gets his case set aside
And he comes back after that

IM STILL GOING TO WATCH HIM LIKE A HAWK

iMessage Message sent 11/26/2019 7:36:25 PM - Delivered

My question, and I think it's fair, what would happen if he gets pulled over for say, a busted tail light or what have you, and the officer sees him with a minor child that is obviously not his? Now take that same scenario and apply it to here. It wouldn't just be Zaire that gets taken. All the children here would be considered to be at risk.

iMessage Message sent 11/26/2019 7:37:14 PM - Delivered

They're not going to give a rip about his presumed innocence. They'll see that he's a convicted child abuser and it'll be game on for CPS

iMessage Message received from Brady Byrum 11/26/2019 7:37:26 PM

BB

That's kind of a stretch
But not too far outside today's actions and social climate

iMessage Message sent 11/26/2019 7:38:28 PM - Delivered

stretch or not, it is a valid risk. And there's no reward in it for me to tip the balance of the risk/reward decision making process.

iMessage Message received from Brady Byrum 11/26/2019 7:38:29 PM

BB

That happened in Texas from a false phone call in another state from a liar who wanted to destroy families, like Baty does

BB

Yep

iMessage Message sent 11/26/2019 7:38:57 PM - Delivered

I hate that we are in this position.

iMessage Message received from Brady Byrum 11/26/2019 7:40:07 PM

BB

Well
What's different about DAL, versus say
WACO
Is that there's no big communal sleeping quarters of mixed genders

iMessage Message received from Brady Byrum 11/26/2019 7:40:30 PM

BB

You've got your own cabin
Like a hotel room

iMessage Message received from Brady Byrum 11/26/2019 7:40:39 PM

BB

Or apartment

iMessage Message sent 11/26/2019 7:41:08 PM - Delivered

iMessage Message received from Brady Byrum 11/26/2019 7:41:18 PM

iMessage Message sent 11/26/2019 7:44:12 PM - Delivered

Regarding Kent or you or who?

iMessage Message sent 2/18/2020 6:27:55 PM - Delivered

No. He has this stupid exercise he designed to make Christians deny that God created everything in 6 days. It is logically sound, But the premises are false, so the conclusion he tries to force you into is also false. It's crafty, but to the discerning eye, it's obvious that it's a trap

iMessage Message received from Brady Byrum 2/18/2020 6:31:36 PM

FOR WHOM DID CHRIST DIE?

"The Father imposed His wrath due unto, and the Son underwent punishment for, either:

1. All the sins of all men.
2. All the sins of some men, or
3. Some of the sins of all men.

In which case it may be said:

a. That if the last be true, all men have some sins to answer for, and so none are saved.

b. That if the second be true, then Christ, in their stead suffered for all the sins of all the elect in the whole world, and this is the truth.

c. But if the first be the case, why are not all men free from the punishment due unto their sins?

You answer, Because of unbelief. I ask, Is this unbelief a sin, or is it not? If it be, then Christ suffered the punishment due unto it, or He did not. If He did, why must that hinder them more than their other sins for which He died? If He did not, He did not die for all their sins!"

BB

Do you know who retrieved him?

iMessage Message sent 3/15/2020 8:15:02 PM - Delivered

We were getting set up to grill and I noticed one of the boys was struggling to stay above water. I asked the dad if his kids could swim and he said they had never been in water before, then I pointed out his son that was getting kinda far out and looked like he was struggling. He ran out and brought him to shore, that kid was ok. After scolding the first kid, he realized that the other boy was missing. The kids in the water said they thought he got out of the lake so we looked around and didn't see him so the dad went back in and found him pretty quick. He was completely under water. Nobody saw it happen. Nobody knows how long he was down there. A couple guys started doing cpr right away and I took Mackenzie with me to find Bethany, the pediatrician, the kid's mom, And doc and Cindi. They kept doing cpr until the ambulance arrived, but it was too late.

iMessage Message sent 3/15/2020 8:23:15 PM - Delivered

It was obviously an accident and I think they know that. I mean the kids dad was there the whole time too. I was mainly keeping an eye on Mackenzie, and didn't notice any of his kids missing, but I don't know these people or their kids. I didn't see the one go under, but I did see the other one struggling.

That's probably more possible

Hey brother. If he shows up again, I'm calling the sheriff. That'll probably get me kicked out, but it's better that I be asked to leave than all the children be taken by DHR

iMessage Message received from Brady Byrum 3/23/2020 7:09:52 AM

BB

Dude
Bro

Before you go to that extreme
At least field the question first
To them with no specifics
As a "what if" scenario question
Because other than the boy he brought that time
I haven't seen him try to hang out with or access other children
Have you observed any of that?

If you do that other call
Baty will find out somehow
From his insiders in the county
And destroy the ministry
Or at least try to do so
And once national word got out
Donations will drop off making the finances strained even more

iMessage Message received from Brady Byrum 3/23/2020 7:16:01 AM

BB

In other words

If you aren't positively sure that their being called there would result in his arrest, and charged with some new charge in Alabama, then you risk being made to leave anyway.

Either way, unless it's anonymous, you'd probably be told to leave.

But even then
They might figure it out anyway.

I hate that your stuck in this situation like this

iMessage Message sent 3/23/2020 8:06:23 AM - Delivered

Someone already spoke to the sheriff. They said if he is found here, everyone who knows will be responsible. He IS breaking the law by not requesting permission to travel from South Carolina and he IS breaking the law by not requesting permission to travel to Alabama.

iMessage Message received from Brady Byrum 3/23/2020 8:09:26 AM

BB

I wonder who checked in and asked first?

iMessage Message received from Brady Byrum 3/23/2020 8:13:56 AM

BB

I would certainly leave them before he gets there and explain that you cannot and will not feel safe with Mackenzie and him on the same property.

I guess if Kent would rather have him on site than you and Mackenzie then it's destined to blow up

I wonder if this means all of Freddy's kids would be taken by DHR.

And I also am now wondering if Chris isn't a deep plant under orders or compulsion to bring down the ministry as an insider job.

Like the insider turncoat in the Matrix

iMessage Message sent 3/23/2020 8:16:42 AM - Delivered

It was a lady named faithful. Nobody is ok with Chris being here. It's stupid. It's dangerous. I don't even know he actually is innocent. I've heard 5 different versions of the incident that got him convicted. I haven't even seen evidence that proves his cover story that he had snuck into bohemian grove and filmed some nefarious acts.

iMessage Message received from Brady Byrum 3/23/2020 8:19:39 AM

BB

If faithful asked questions then it could be that Baty will find out soon

iMessage Message sent 3/23/2020 8:22:30 AM - Delivered

Paul seems to think that we will be ok with having our children taken so he can sue them and get us a million dollars for each child.

iMessage Message sent 3/23/2020 8:25:25 AM - Delivered

I can't even speak to Paul right now.

iMessage Message received from Brady Byrum 3/23/2020 8:31:33 AM

BB

Why in the world would Paul think that you would be willing to allow that kind of kidnapping to begin with
Subjecting Mackenzie to another year of being absent from you
And probably handed RIGHT BACK to your mom, as the nearest relative, over your objections, when this could be solved so easy

If Chris shows up, all work from all parents should cease
And those families drive off the property until noticed by phone that Chris is gone

No argument
no confrontation
Just you take Mackenzie and Freddie and her husband loads up and takes their kids
And whoever else has kids there

possibly informing visitors too

And when Kent realizes who all has to leave every time Chris arrives, maybe he'll reconsider the reversal that was already worked out the last time.

Where Chris agreed to stay off that specific property until and unless Paul had his conviction set aside by court order

iMessage Message received from Brady Byrum 3/23/2020 8:41:30 AM

BB

Once Freddie and minoa leave every day for several hours and several meals don't get prepared
That might work

iMessage Message received from Brady Byrum 3/23/2020 10:37:22 AM

BB

Have you talked over your actions and plans with F&M?

iMessage Message sent 3/23/2020 7:17:16 PM - Delivered

I'm sorry brother, I meant to respond but got busy and forgot. Look, I'm not at all willing to put Mackenzie in a position like that. Everyone knows that when Chris shows up, Mackenzie and I leave the property. The other parents keep their kids inside the whole time. I don't think that's enough, but that's what they're comfortable with. I still cannot believe that doc and Paul think it's ok. Doc's response is that "he did his time". He doesn't seem to understand that sex offenders carry that stigma their whole lives.

Dude
I was dreaming that I was going to a store on the fringes of the riots
And it looked relatively safe with ONLY two guys (skinny punks in black
clothing), standing in the street who weren't doing anything except looking
in the direction of the heavier action.
And when I got out of my car and started walking to the store they
converged towards me holding a knife and a pair of long scissors like
stabbing weapons and so I pulled my knife and managed to get them to
hand me their weapons and I went back to my car with them following -
demanding their weapons back and were
Yelling that they had been robbed at knifepoint
And when I got in to leave
The guy who had the knife came up to the car, pulled a pistol and shot me
at close range.

I'm glad it was all a dream.

Had my first confrontation with a black clothed backpack wearing 20 something male Caucasian. (no skateboard)

But we didn't scrap because he stopped just short of physical violence and all he did was try to insult me into attacking him first.

All I did was keep my left hand on my switch-blade knuckles in my back pocket and he kept asking if I had a gun and my refusal to answer him probably kept him from throwing any punches.

So I allowed him to hurl all the First Amendment insults he wanted and we parted ways

But I had an Adrenalin rush afterwards boy

In hindsight I'm glad he didn't attack because even if I had won or come out even -injuries could still occur

iMessage Message received from Brady Byrum 7/3/2020 5:23:40 AM

BB

Dude
His eyes were full of murderous rage.
But he must have been taught to watch out for hidden hands and he kept
wanting me to pull what I had or tell him what I had
The other thing that might have backed him down was my eye to eye stare

They usually don't get that

His name calling and threats were high school quality

I could have raised my arms and yelled

HELP IM BEING ROBBED

and throw my wallet down on the

ground

That way
Had he grabbed it and ran
it would have confirmed it

Or if he didn't
He would see how close he was to a felony

And I wouldn't want my cash and ID in his hands

But the parking lot was almost empty and I had tunnel vision on his eyes

So I might put together a throw down wallet.
Some websites say that is a good tactic of self defense.
Throw the wallet one direction and retreat in the opposite direction

There has been some historical federal agency intervention on farmers and property owners either digging a pond in the middle of a creek
To slow the water down to water cattle, that then flows over the lip to continue downstream
And others buying up wetlands and filling it all in with dirt and rock to build housing subdivisions
And still others who dug a channel so that standing water could drain

BUT if the pond was made by man first and then drained
I don't see any logical reason that that act should be illegal

But you just never know

John said he would be the antichrist. He was revealed when he stood in the holy of holies as the "god" emperor.

iMessage Message sent 10/4/2020 8:49:48 AM - Delivered

Sorry that was Matthew and Mark. But John did reveal his number. 666 is the numerical equivalent of the name and title Nero Caesar (Roman Emperor 54-68 AD). Written in Aramaic, this can be valued at 666 using the Hebrew numerology of gematria, and was used to secretly speak against the emperor.
