Mark, you don't know what the hell your talking about. Why don't you mind your own business creep

SMS Message sent 8/16/2021 10:02:30 AM

I sacrificed years of my life for CSE. Was even made a trustee. Yes, this most certainly is MY business. Especially when people are telling me that you supposedly confessed to embezzling tens of thousands of dollars from CSE to fund your drug habit and lavish lifestyle.. why don't you clear the air here? What happened from your side of things?

SMS Message received from James Duncan 8/16/2021 10:05:33 AM

People like Mark and to a lesser degree myself feel it's our business!

Why is it your business what happened to me before I was ever born again?  
Ummm it's not

So maybe instead of being judgmental jerks you work on your own hearts

Now if I am speaking to someone who is not putting up a facade and your heart is pure then you only need to ask. I do not feel I need to explain it to anyone who is just nosey

I think people like Mark should just find better things to do and maybe find another person to troll

Mark, you were NEVER a trustee of CSE. STOP dreaming. You came to CSE on your own will and we fed, housed and provided all utilities for both you and your daughter.  
You are gone. What happens at CSE is NONE of your business. I'd suggest that you start spending your time between collecting your welfare checks doing some sort of ministry work- win souls, teach young converts, write Bible stories for kids, produce YouTube videos that BUILD instead of TEAR DOWN.  
Jesus told His followers to preach the gospel to all nations. When is the last time you shared the gospel with anyone?  
If i want your advice or opinion I'll ask for it. Meanwhile, please take me out of this group and don't contact me.

SMS Message sent 8/16/2021 12:24:17 PM

Kent, you, Paul Hansen, and I all signed paperwork concerning the CSE non-statutory trust that Glenn Stoll set up and is still being actively used to pursue a fraudulent and delusional lawsuit against the government on your behalf. Tom Dennison, the other trustee, resigned because of your affiliation with PEDOPHILES. Where was your objection to me being a trustee then? I've got all the proof to show you are LYING about me and the trust. You act as though you provided some sort of charity for me and my daughter when in reality I was volunteering my time, efforts, and even finances in a full time capacity. I REFUSED to take a paycheck, and did way more value in work for you than you provided me in room and board. Not only that, but you seemingly had ZERO problem with me pouring the MAJORITY of my "welfare" into CSE and materials for DAL. What I do with my time and efforts since leaving your cult is of absolutely no concern to you. The only reason you even want to try and discredit me now is because I've seen your ugly side, I've been on the receiving end of your abuse, and a witness to your many irresponsible, selfish, prideful, arrogant, and even dangerous acts. You and your boy Steve have both lied about my military service saying I was dishonorably discharged for lewd acts and mental problems. HUGE lies. I served honorably from 2006-2009, including a combat tour to Iraq, after which I was placed on Inactive Ready Reserve for MEDICAL REASONS! I was HONORABLY discharged in 2014 after multiple surgeries could not correct my condition. Your pretentious act of being a "general" in "war" is offensive. Real leaders look after the good of their soldiers, not just feeding and housing them. You let your thugs harass and demean your best workers and even your own wife! When WE WERE THE ONES TELLING THE TRUTH ALL ALONG! And it's sure enough none of your business telling me to share what you're calling "the gospel." You don't care about the gospel. You don't even preach repentance! You are a cheap grace heretic! You and your board are an infectious disease ridden den of thieves, liars, wolves, and snakes! Predators!! A cancer and an embarrassment to biblical Christianity. I throw my voice in with your long time friend, Paul Abramson and say, REPENT!!! Sadly, I don't believe you will even consider such an obvious need.

SMS Message received from Kent Hovind 8/16/2021 12:34:11 PM

Mark, the cse trust in Pensacola is NOT connected to the new cse inc. Trust in Lenox.

You have never been and never will be a trustee of this ministry. Go serve your calvinist god and leave me and this ministry alone please. You are not welcome here and we don't want your input or opinions at this time.

SMS Message sent 8/16/2021 12:44:21 PM

Oh so you've been straw manning me?! Noted. I NEVER said I was on whichever CSE you're referring to. I AM on the CSE "non-statutory". Isn't it convenient for you to have so many "CSE" entities?! You might as well have said I am not on the "CSE & IT PRODUCTIONS" !!! Strange that your "vendors" bear the same "make all your checks out to CSE" name while working for 15 "other companies"

SMS Message sent 8/16/2021 12:44:59 PM

Wow. You know for being a professional debater, you use almost exclusively ad hominem attacks.

You told me what I had to say didn't matter before I left. Before that, nothing I said was well received. After that you banned me from the property to make sure what I said "no longer mattered". The fact is, that no ones concerns ever seemed to matter. They appeared to just be put up with until people are not useful.

Let me explain, we all work for the same "company". The boss is Jesus and we represent HIM. Let's say we have a major public figure of the complete being a complete jerk to everyone around him to the point of even seeming to be hateful, hurtful and spiteful. The rest of the company workers see it and are concerned. They bring it up but the rouge employee that is representing his own character instead of the bosses, and what he does is, he uses his high position to hurt those who dared to speak out against him, further demonstrating his disconnection between the bosses desires and his own actions. Further he tells everyone to mind their business because he has his own company in the company called CSE and denies that everyone works for the larger company and are all, supposed to be, representatives of Jesus. The other workers say, please stop living this evil life, you are not representing the Gospel we are commanded to preach, you are smearing the name of Christ and we are to be above reproach so we are properly representing Christ and being effective in our ministries.

Do you, Kent Hovind, believe that your actions represent all believers? If we are representing God together, then is it our business when someone who is a public face of a ministry goes rouge? I think it does. CSE or no, we are all supposed to be, one body. And if a part of that body picks up a hammer and starts hitting everything it doesn't like, then the rest of the body should make every effort to stop it.

You called out your son publicly. You used Alexander the coppersmith as an example of it being legitimate. Did he ask for your opinion? Do you mean to tell me that you sometimes give your opinion unsolicited? Publicly!? If you do it, then what justification do you have that they can't?

I do agree that we should be building those around us up. Not just teaching

sound doctrine but also living it as a living demonstration of Christ restorative power. Are you doing that Kent Hovind?

Am I making any sense? You can't tear people down by calling them welfare collectors and time wasters and then admonish someone for tearing you down. No amount of name calling will undo your wickedness. No amount of self righteous chest pounding of I do this and I do that and you don't will undo your wickedness. Only repentance before the Lord with a humble heart Will change anything. Our Lord is faithful and just and will cleanse you from all unrighteousness.

When this happens, you will treat those around you with love, dignity and respect. You will view them as precious people for whom Christ died made in his image. Not as resources to be exploited than expended. This will mean no more plotting to gain filthy lucre, no more justifying one's evil deeds with wicked friends that will second everything you say. When your cleansed from unrighteousness you will be considerate of every single individual under your care. You will also not bear false witness and spread rumors and gossip about people for example your wife who is not bipolar. When you are cleansed from unrighteousness you will realize that you were supposed to treat your wife with due benevolence, you were supposed to honor the weaker vessel that your prayers be not hindered. You were supposed to love her as yourself. Also as Christ loved the church in a very self sacrificial way. You know all of the scriptures that say all of these things but you only see the ones right next to it where she is supposed to submit to you. Nowhere where in Scripture are we supposed to submit to ungodliness.

We are all working for the same company, but I think you forgot what our boss is like and how we are supposed to be representing HIM. I hope you never see HIS bad side. I really hope you do repent because our boss is an awesome boss that will forgive you and cleanse you if you confess your sins, to HIM and turn away from them.

I do believe that absolutely every issue that has come against you, Kent, you yourself have condemned publicly. Let's continue on the Eric issue. Eric refused to give you back what was rightfully yours. You went to his Church elders and talked to him and then went public demanding him to do what is right.

Well isn't Cindy doing the EXACT SAME THING? She gave 90K worth of gifts then, she bought 133K worth of "to be paid back" items for the ministry which there is a contract for. That money(the 133K) is rightfully hers. You and Ernie did a bait and switch on the definitions in order to make it contingent on being a wife that follows your orders and always preforms her "duties". This is making her your slave sex slave even. You can not just redefine a contract. Then you acted shamefully on a daily basis to drive her out and now you are fully out of the contract aren't you. She, according to you, is not you spouse anymore so a spousal support contract is no longer valid. But you DO still owe her 133K minus the 1300 per month that has been paid. Do you think Jesus will say, "Wow, great job weaseling out of that one, you almost had to keep your word to pay her back! Wfffew! I sure love technicalities. :)". I do not believe this will be the response. I do believe it will be more like Woe unto you Pharisees, hypocrites! Who devour widows houses. So, if you do not want to be a hypocrite, why don't you give back everything that is rightfully Cindi's. If not then what gives you the right to call out Eric?

Eric never made an agreement to pay you what is yours, or to give you what is yours. You did. You have an obligation before God and witnesses to make things right.

In any case it would be right if Eric gave back all that belongs to you, and it would be right if you gave back all that you said you would repay Cindi.

I know Bill Sardis argument is that no cash ever exchanged hands therefore it is not a loan. This is a bogus concept, does seller finance not exist? If you buy a car from me I can seller finance it and make an agreement for you to pay me back overtime and you get the car and I keep the title until it is paid. If you stop paying the car is still completely mine. This is the same case, she gave you objects, bought you things. You agreed to pay her back over time. This type of loan is the exact equivalent of seller finance which means if you stop paying then everything is hers. As most of these objects or things that she cannot move use or anything like that she would prefer that the money be restored. You can make the claim that she walked out of the agreement when she stopped being your wife, but that's a moot point since you forced her out by being daily her enemy. The agreement was broken because you and Earnie are clever not because she did anything wrong.

The boss is waiting for an answer, he's waiting to see all what's in your heart before he decides how your review board is going to go. By your actions up to this point, I don't wanna be in your shoes unless you repent.

I think it's interesting that Kent says he preaches the gospel. When in all actuality, there is no gospel on the outside tour, no gospel on inside tour, no gospel in his youtube shows, and no gospel in the way he lives his life. Accepting Jesus into your heart isn't biblical and telling people to accept Jesus into their hearts is not the gospel. I honestly believe Kent is a false convert and has used the bible to create his own god in his head. Think about it...the man wrote a book of him talking to himself, "Why on earth did this happen to me". He was Kent and Kent was "God". All to tell himself that he's innocent. It's really strange, because Jesus tells us to pay taxes (Matt 22:21) and Paul tells us to obey the government that God has ordained (Romans 13). And also we have a structure of correction and church government that Jesus and Paul both spoke of (Matt 7, 18. Ephesians 1,4 1st and 2nd Timothy, Titus, 1 Corinthians 6, etc) Kent doesn't obey God's word and has never truly repented and believed or understood the gospel. To him, the bible applies to everyone except himself and his band of fools. And don't get me started on his Joey Faust endorsement; believers going to hell for 1000 years if they don't have enough works. That is not the gospel! If anyone endorses a false gospel, OBVIOUSLY DOESN'T KNOW THE REAL GOSPEL. A bad tree, CANNOT produce good fruit. A good tree CANNOT produce evil fruit. Therefore we will know them by their fruits!

I remember Kent lying and telling his followers that when the FBI stormed his house to arrest him, he said he heard them telling each agent to find disc 5 of his seminar series, " the dangers of evolution". I cannot believe I bought his bogus lie. It's pure brainwashing, brainwashing his followers to think he's innocent. They arrested him for breaking the law, God's ordained government. Not because of a silly dvd of him "exposing the dangers of evolution". Think about it....how many other creation science ministries expose the dangers of evolution? How many churches expose evolution? Non of them have been arrested. Strange right? Kent wasn't arrested for exposing evolution, he was arrested for FRAUD. Now, if he actually obeyed the bible, and obeyed God's ordained government, he wouldn't have been arrested. He wasn't arrested for his faith, he was arrested for FRAUD.

How does the saying go? Tell a lie long enough people will believe it? Hmm sound familiar. What's the other saying? What you believe determines your behavior? Hmm sound familiar?

Kent has deceived himself and his followers. Exercise discernment, people. For real. Nobody likes to admit that they've been deceived, I will tell you I have been deceived by Kent. He is a FRAUD that believes in a made up god, he needs to repent and believe the gospel! Don't follow Kent, follow Jesus Christ of the bible.
